

After filing a lost pet report with the shelter, plan to check the website, <http://hendersoncountync.animalshelternet.com/>, for the county shelter at least every other day to personally look for your animal.

If you have lost your pet plan to visit the shelter website at least every two days. It is sometimes difficult to identify your pet over the phone. Stray animals are kept at the shelter for a minimum of 3 days (based on temperament and health) before offered for adoption or if necessary, euthanized.
