

PUBLIC COMMENT SIGNUP SHEET

MARCH 7, 2016

Pursuant to N.C. Gen. Stat. §153A-52.1, the Henderson County welcomes public comment at its meetings. Please note that each speaker is limited to three (3) minutes, unless a different time limit is announced. Also, the Board may adopt rules limiting the number of persons speaking taking the same position on a given issue, and other rules regarding the maintenance of good order.

Each speaker should be aware and by their signatures hereto they agree that their comments may be recorded (by audio-visual recordings, photography or other means), and may be (but are not required to be) broadcast by the County as a part of the broadcast of this meeting, or as a part of the County's programming on its local video channel(s). By their signature they further agree that Henderson County is and will be the sole owner of all rights in and to such programming. The undersigned hereby indemnifies Henderson County, its employees and agents, against any and all claims, damages, liabilities, costs and expenses arising out of the use of the undersigned's images and words in connection therewith.

The Connect NC Bond – Key Facts

Overview

- > The Connect NC Bonds Act is a \$2 billion bond package that citizens across the state will vote on in the primary election March 15, 2016.
- > **No tax increases** would be necessary to finance the bond, given the state's strong revenue growth and ample debt service capacity.
- > The \$2 billion infrastructure bond will connect North Carolina to the 21st century through statewide investments in higher education, agriculture, state parks, National Guard and water and sewer infrastructure. It's been 15 years since the last general obligation bond was authorized to upgrade our state's infrastructure in 2000. Since then North Carolina has grown by more than 2 million people.
- > Approximately two-thirds of the Connect NC bond will go to fund critical improvements in higher education – including capital projects that focus on STEM education, career readiness, medical sciences, and business for the 17 UNC System campuses along with long-overdue upgrades to modernize the state's 58 community colleges.
- > Projects supported by the bond span from the mountains to the coast and include investments in both rural communities and urban cities – investments across the state, benefiting all North Carolinians.

Why bonds?

- > Long-term financing is the most efficient and effective way to fund critical needs and projects across our state, especially given that interest rates are low.
- > Additionally, North Carolina has an established and successful history of responsibly using long-term financing to support the infrastructure and educational needs of its communities.
- > Most of the identified infrastructure projects cannot be financed from annual operating budgets on either the state or county levels.
- > Bonds will allow North Carolina to pay over 20 to 25 years for assets that will last for at least 50 years and benefit the state for generations to come. Just as homeowners pay for a house as they use it over time, North Carolinians will pay over time for improvements needed now and moving forward.

How will the money be invested?

About two-thirds of the bond would benefit higher education, 16 percent would pay for improvements in parks and in sewer and water infrastructure, 9 percent would go to agricultural projects, 5 percent would be allocated to the North Carolina Zoo, and 4 percent would be spent on the National Guard and public safety.

Connect NC through community colleges and universities

- > The UNC system will receive \$980 million, specifically to build and repair STEM facilities to prepare our students for careers in these high-demand fields that are critical for driving North Carolina's economy.
- > The North Carolina Community College System will receive \$350 million for new construction, much-needed repairs, and renovations at all 58 community colleges across the state. These necessary improvements will allow a modern learning environment that meets the demands of a 21st century workforce.

Connect NC through improved water and sewer infrastructure

- > The bond invests \$309.5 million in statewide water and sewer loans and grants to meet the demands of a growing population.

Connect NC through National Guard facilities

- > The bond includes \$79 million to construct National Guard Regional Readiness Centers in Burke, Guilford, and Wilkes Counties allowing the Guard and its members from across the state to more efficiently and effectively train for and respond to state emergencies.

Connect NC through agricultural research

- > The bond provides \$85 million for the Plant Sciences Initiative Complex at NC State University to establish North Carolina as the world leader in plant sciences research and innovation, spurring economic growth in our state's largest industry, agriculture.
- > It also invests \$94 million for an Agriculture and Consumer Sciences Lab Building for veterinary, food, drug and motor fuel testing, advancing our state's food safety and security.

Connect NC through state parks and attractions

- > The bond provides a total of \$75 million to update well-used facilities at 45 treasured state parks available to all citizens.
- > It also includes an investment of \$25 million for upgrades to service support facilities, trails and exhibits at the widely renowned North Carolina Zoo.
