Dear Board Chair,

The League of Women Voters has, as one of its leading principles and priorities, that of "protecting the citizen's right to know," and it supports fully the Sunshine Laws of 1976. The main focus is to protect public access to government meetings and to public records. Members of the League's Observer Corps select one of a wide range of governmental meetings in our city and county to attend on a regular basis to observe issues facing our community, the decisions being made, and the process by which they are made. Observers simply watch the proceedings to learn and to become aware of the openness with which issues are handled. When observing meetings, observers do not comment at any time. The Observer Corps seeks to benefit the community by reporting their observations and educating the public, as well as the government body or agency, to identify areas where improvement or action might be beneficial, and to foster the connection between officials and their constituents.

This letter comes as an introduction of Janet B. Edwards, a LWVHC Observer Corps member who will be attending your government meetings on a regular basis for the year. Observers wear a League button, easily visible. The Observer will arrange for receiving an agenda, either before the meeting, or on site, and will introduce themselves to you and the standing Board.

It is our goal that this relationship will be one of effective communication, mutual trust, respect, as well as shared and valued resources.

If you have questions, please call me at 692-4012 or 551-9650, at any time to discuss any aspect of the League endeavor. Thank you for the ongoing valuable contributions you all make to the collective governing of our City and County.

With warmest regards,
