**CITY-COUNTY SCHOOL MERGER**

David Thompson informed the Board of letters that Chairman Edney sent to both the City and County School Board Chairmen acknowledging receipt of their separate merger plans. In the letter, Chairman Edney requested that representatives of both Boards be present at this meeting to inform the County Commissioners on how they plan on resolving school merger.

Chairman Edney stated that the merger plan was due today, December 18, 1991. Since that has not happened, he asked representatives from both school boards to speak on the subject.

Hardy Caldwell, Chairman of the Henderson County Board of Education spoke first stating that he had new information as of this morning and could not speak on behalf of his board until they have a chance to see the information.

Frank Ewbank, Chairman of Hendersonville Board of Education informed the Board that the city has approved the merger plan with minor revisions and they stand ready to act on that plan.

The two consultants, Mr. Miller and Mr. Burchfiel spoke briefly, stating that basically everything has been agreed upon except the pupil assignment policy. Binding arbitration was briefly discussed and Dr. Miller recommended someone from the Institute of Government be used if we do go into binding arbitration.

Chairman Edney requested both school boards meet with the Board of Commissioners, here, January 6, 1992 at 6:00 p.m. for discussion of the merger plan.

**PROPOSED FARMLAND PRESERVATION ORDINANCE**

Matt Matteson submitted the most recent draft (dated 12/5/91) of the proposed Farmland Preservation Ordinance for the Board's review and comment. This draft reflects modifications made to the proposed ordinance since it was reviewed and amended by the Planning Board. The December 5th changes were made collectively by the County Attorney, the County Manager and the County Planner and did not substantially alter the proposed ordinance.

Mr. Matteson has supplied copies of the draft to the Soil Conservation Service, the Register of Deeds, the County Assessor, the County Extension Agent and to Frank Fitzsimmons and Don Ward.

David Thompson discussed Mr. McConnell's suggestion (public input) stating that it could be done by changing the word may to shall on page 17. Mr. Thompson suggested that if the Board is ready to

adopt the ordinance that they do so contingent upon final review by the County Attorney.

There was discussion of the Sewer Use Ordinance in connection with this Ordinance.

Bob Carter, a soil conservationist, stated that maybe some language should be put into this Ordinance that would refer to the Sewer Use Ordinance. Mr. Thompson stated that the Sewer Use Ordinance would have precedence.

Commissioner McKay made the motion that the Ordinance, as amended, be adopted by this Board subject to approval by the County Attorney. All voted in favor and the motion carried.

#### ROAD PETITION

The original road petition to add Village Drive to the state maintenance system was postponed because of the Planning Department's recommendation. Village Drive is a road name duplication.

Matt Matteson informed the Board that Village Drive is located in the city's extraterritorial jurisdiction and the city has approved the name.

After much discussion, Commissioner Baker made the motion to send the petition back to the planning department and that the planning department work with the developer to request a name change. All voted in favor and the motion carried.

The primary reason for the refunding is the savings to the county because of the lower interest rate available now.
