

The proposed design for US 64 west of Blythe Street (4 roundabouts, still just 2 lanes of traffic but with bicycle lanes and sidewalks on either side) is WHOLLY the work of the Laurel Park Town Council. **Far too much private property** (1,30' per roundabout and 75' for roadway, median, bike lanes and sidewalks) is unnecessarily gobbled up by this design proposal.

WHY are Henderson County and Hendersonville on the sidelines??

Especially since a major portion of this section of US 64 to be torn up and replaced with taxpayer dollars SITS OUTSIDE the exclusive land use jurisdiction of Laurel Park!

Let elected officials in Henderson County, Hendersonville, and Laurel Park know that we oppose traffic-handling decisions being made along US 64 west of Blythe Street without regard for our input!

US 64 serves as the main thoroughfare from Blythe Street in Hendersonville, through the Laurel Park Town Center, to points beyond. We oppose the current NCDOT design, and instead favor design considerations that enhance traffic movement and safety but without so much destruction of personal and business property as does the proposed NCDOT design.

Street in Hendersonville, through the Laurel Park Town Center, to points beyond. We oppose the current NCDOT design, and instead favor design considerations that enhance traffic movement and safety but without so much destruction of personal and business property as does the proposed NCDOT design.

CONCERNED RESIDENTS AGAINST PROPOSED US64West NCDOT Project TIP No. U-5783

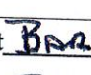

We, the undersigned, are opposed to the projects that are being proposed and promoted by Laurel Park Town Managers:
1) the NCDOT design for US64West serving as the main thoroughfare from Blythe St through Laurel Park, and
2) another high density Laurel Park development know as 'The Cottages of Arcadia Views' which greatly impacts traffic on US64West.
