Henderson County Commissioners
July 18, 2018 Meeting
Public Statement

Good morning, my name is Harold Hellickson. My purpose this morning is to inform and educate. I am not asking the Commission to consider anything at all. That will come later.

I am part of a small group of concerned citizens forming a local county chapter of a national organization, REPRESENT US. REPRESENT US, is the push organization behind THE AMERICAN ANTI-CORRUPTION ACT. This proposed legislation was developed by collaborative leaders from both sides of the political spectrum. I have characterized it as the only thing these 20 plus people could agree on; see my earlier letter to the editor attached.

THE AMERICAN ANTI-CORRUPTION ACT deals with campaign financing and transparency, lobbying, the revolving door and other matters of governance important to voters in a democracy; see a one page summary attached.

To date, modifications to THE AMERICAN ANTI-CORRUPTION ACT appropriate to state and local elected governances have been approved through voter referendum. In non-Home Rule states, in Dillon states such as our own, numerous local elected bodies have passed resolutions of support. At some future date, we will be asking each elected governance body in our county to pass a resolution, currently under development, supporting improved governance based on this Act. Examples of such resolutions throughout the country as well as NC abound.

Thank you the opportunity of exposing you to this important matter. Seven copies of this talk and the referenced attachments are hereby provided. We will have more to say at some later date.

The Anti-Corruption Act

To the editor: With interests ranging from Occupy Wall Street to the tea party, with leading members of both political parties, could you get these people into a room and have them agree on what to do about money in politics?

Former chairman of the FEC and general counsel to John McCain's 2008 presidential campaign, chief ethics lawyer for George W. Bush, active participant in the Occupy Wall Street movement, four-term U.S. congressman and governor (R), head of the D.C. Tea Party Patriots, a Democratic campaign consultant, chief counsel to the Chairman of the Senate Democratic Policy Committee, America's most notorious lobbyist and author of "Capitol Punishment," and a progressive strategist named one of the 50 most powerful people in Washington. Well, they have agreed. The American Ant-Corruption Act is the single most effective improvement to political governance as the means to return power to "we the people."

Go to <https://represent.us> and find their names listed (board of advisers) as well as the Anti-Corruption Act itself. Better yet, mark your calendar and come to the Chamber of Conference at 3 p.m. October 20 and join the HCLWV meeting for a Skype presentation on money in politics from RepresentUs.com.
