Commissioner Hawkins made the motion to go into public hearing regarding Rezoning Application #R-2018-05, as amended. All voted in favor and the motion carried.

Autumn Radcliff stated Rezoning Application #R-2018-05 was initiated on March 29, 2018 and amended on July 11, 2018. It requests that the County rezone approximately 40.55 acres of land from Local Commercial (LC) and Residential Two Rural (R2R) to Industrial (I) and a Residential Two Rural (R2R) district. The acreage consists of 11 adjoining parcels. The property owners of the 11 parcels include Roger Byers, Rolling Ridge, Inc., Byers Precision Fabricators PSP, and Carol Lytle. Lynn Johnson and Anthony Byers will be serving as agents for the Byers along with representatives of the Henderson County Partnership for Economic Development. Stockholders and Directors of Rolling Ridge Inc. were notified of the rezoning application at their March, June and July 2018 meetings and all were in favor of this request as amended.

Upon meeting with staff, the Carol Lytle family submitted a letter requesting that their 0.65 acre parcel be rezoned to the adjacent R2R zoning district. The Byers family also supported this request by the Lytle family which would split zone a portion of the Byers property to R2R.

DATE APPROVED:

Public Input

1. Lynn Johnson is the CPA for applicant Byers. The best use for this property is business and manufacturing. Byers is a manufacturing company and will create jobs. Henderson County Partnership for Economic Development is supporting this project. Resources are available to development the land.
2. Brittany Brady, President of the Henderson County Partnership for Economic Development, expressed their support of Rezoning Application #R-2018-05. Through an affiliate organization, The Economic Investment Fund of Henderson County, their mission is to identify parcels of land where the highest and best use is industrial. Their goal and long term strategy is to work with willing landowners who would like their legacy to be through supporting economic development. The Byers property exemplifies their mission. This is a willing landowner who has examined other development opportunities but chooses to rezone to industrial. The family acknowledges that rezoning to industrial

encourages development with high paying jobs. If rezoned this site would be marketed through the Partnership for industrial development that would fit the community and surrounding uses. As available industrial property in Henderson County quickly vanish due to our community's success, it critical that we continue to have high quality and strategic properties to market to potential employers if significant job creation is to continue in Henderson County.

Commissioner Hawkins made the motion to go out of public hearing. All voted in favor and the motion carried.

Commissioner Hawkins made the motion that the Board adopt the regarding the consistency with the CCP. All voted in favor and the motion carried.

Commissioner Thompson moved the Board approve rezoning application #R-2018-05, As Amended to rezone the Subject Area to an Industrial (I) and Residential Two Rural (R2R) zoning district based on recommendations of the Henderson County 2020 Comprehensive Plan and other supporting information. All voted in favor and the motion carried.

Lake Summit No-Wake Zones – No public hearing was held.

Jimmy Brissie stated he held several discussions today with the president of the property owners association for Lake Summit, and at this point they would like to withdraw their request for consideration until they have a chance to go back to the Wildlife Resource Commission with further discussion and see which direction they would like to go.

2018-99 To consider Final Approval of the Financing Contract for the Mud Creek Interceptor Project

Commissioner Hawkins made the motion to go into public hearing to consider Final Approval of the Financing Contract for the Mud Creek Interceptor Project. All voted in favor and the motion carried.

A public hearing has been scheduled on 4 September 2018 in the above matter, and was advertised on August 15, 2018.

At the conclusion of the public hearing, the Board may choose to take action, delay action to a subsequent meeting, or take no action.

Samantha Reynolds stated the purpose of today's public hearing to receive any public comment on the financing of the Mud Creek Interceptor Project. At the conclusion of the public hearing, the Board is asked to consider a approving a Resolution which approves an installment financing contract. The Board gave notice that this hearing would be conducted concerning the approval of the execution and delivery of the Financing Contract and the County's the acquisition, construction and equipping of the Project. Under the proposal, the County would pay the capital costs of acquisition and construction a new sanitary sewer interceptor line running from Fletcher Academy and Park Ridge Hospital to existing Cane Creek Water and Sewer District sanitary sewer lines near the confluence of Mud Creek with the French Broad River (the "Project"), pursuant to an installment financing contract (the "Contract"), in a principal amount not to exceed \$3,000,000 under which the County will make certain installment payments in order to make the Project available to the County.

Seven banks responded to the RFP with the winning bidder being Zion's Bank with an all-inclusive rate of 3.785%. Zion's Bank offered the most competitive rate for the 15 year term option with a debt callable anytime with no penalty's to the county.

Commissioner Lapsley clarified that the principal amount not to exceed \$3,000,000 does not include Fletcher Academy's deposit in escrow for \$1,000,000 plus.

Marcus Jones informed the Board that staff is still working to acquire four easements and making progress.

Public Input

There was none.

Commissioner Messer made the motion to go out of public hearing. All voted in favor and the motion carried.

Commissioner Messer is concerned that the project will go over budget if the County has to purchase easements other than imminent domain.

Russ Burrell explained that there is a certain amount of contingency built into the budget that will allow for some amounts.

Marcus Jones stated that staff is working to maintain the CCWSD fund balance to address any emergency needs for the district at \$500,000 with remaining funds going into the project.

County Manager Steve Wyatt shared there is no tax money going into the payment of this project. There would be an increase in revenues by bringing in that flow. It is estimated to increase the flow by about 10% and over the period of the debt service, the revenue from the new customers basically would pay off the debt service. It is an enterprise fund that pays for itself.

Marcus Jones noted we have not had an increase in the Cane Creek Water & Sewer rate in 21 years. He cannot promise that we will be able to go another 21 years.

Steve Wyatt responded a lot of that is out of our hands because of the MSD situation.

Commissioner Messer does not feel this is a good deal and will oppose the vote. The deal was put on the table when the commissioner were at 100 N. King Street and turned down.

Steve Wyatt stated we do not have a waste water treatment plant but receive an allocation from Metropolitan Sewer District which is operated primarily in Buncombe County. We contract with them for the waste water treatment and disposal. This increase of 10% in flow would go into the allocation. Questioning if we have sufficient allocation left over for other projects that might come down the line, should we be thinking about this as an additional allocation or other options, he referred to Marcus Jones.

Marcus Jones stated that Fletcher Academy is outside of the original district that the allocation is associated with. The Fletcher Academy folks will have to pay a pretty substantial facility fee to MSD for their separate allocation on top of the \$1,035,000.

Steve Wyatt recognizes that we will still have room for growth should we receive applications for service.

Marcus Jones stated it was identified in the 2008 Master Plan that the ultimate build out of the district will need more sewer treatment capacity than we were allocated. That is not a since of emergency that must happen today. We will be looking at it in the Master Plan update this year. We estimate that the \$1,035,000 will address the build out in the original boundary. Currently MSD is doing separate

allocations on an individual parcel basis as those parcels are developed. We are around twenty million gallons per day of our forty million gallons per day allocation, leaving 50%.

Steve Wyatt suggested that staff, during their planning process over the next several years, put this item on the table for evaluation.

Commissioner Lapsley made the motion that the Board of Commissioners adopts the proposed resolution which approves an installment financing contract and provides for certain other related matters. The motion passed 4-1 with Commissioner Messer voting nay.

RECOGNITION – Eagle Scout Ezra Hardin

Chairman Edney recognized Ezra Hardin for achieving his Eagle Scout Award. Ezra is a member of Troop 603 and his Eagle Scout project was to build bat houses and wood duck houses for the Town of Laurel Park. This is a big deal and Mr. Hardin should be proud of his accomplishment.

The Board presented Ezra Hardin with a Certificate of Recognition, and he received a standing ovation.

2018-100 PROCLAMATION – Constitution Week

Commissioner Grady Hawkins stated the Henderson County Board of Commissioners are requested to proclaim the week of September 17 – 23, 2018 as Constitution Week in Henderson County, and ask our citizens to reaffirm the ideals of the Framers of the constitution had in 1787 by protecting the freedoms guaranteed to us through this guardian of our liberties.

Commissioner Hawkins read the Proclamation aloud.

Commissioner Hawkins made the motion that the Board adopt the Proclamation designating the week of September 17 – 23, 2018 as Constitution Week in Henderson County. I further move the Board authorize Staff to display a banner on the Historic Courthouse promoting Constitution Week. All voted in favor and the motion carried.

INFORMAL PUBLIC COMMENTS

1. Dennis Justice feels the interest in pickle ball has exploded over the years. The Athletics and Activity Center is the only place to play. He suggested the County build a new activity center at the Meritor Park site at a cost he estimates of \$1.55m. It would be a boost for economic development and physical health.
2. Peri David feels Sunday early voting is an opportunity for those who work six day weeks to vote.
3. Gayle Kemp is opposed to the proposed changes of policy for use of the public square. She feels this is the Republican Party denying people an opportunity to vote.
4. Howard Bakken would like for the Board to reach out to the NCDOT and request reconsideration of the widening of Highway 191. The proposal is unnecessary.
5. Chris Walters referred to the Preamble to the Constitution and stated goal two is to establish justice. He feels our current President has done things that are wrong. He wants to help protect the Rule of Law.

Commissioner Hawkins responded to Gayle Kemp that the Republican Party has no intention of denying anyone to vote.

Chairman Edney stated the Board encourages public input and comment whether we agree with it or disagree with it. It is a public forum. He appreciates that the majority of people remain civil.

UPDATED ECONOMIC DEVELOPMENT ASSISTANCE GUIDELINES

Brittany Brady stated the current guidelines being used today were created in 2007, right before the unemployment rate was at 10.6%. During that time our economy has changed and is a little different today. We have also seen over \$842,465,000 in capital investments, 2,532 new jobs created, and 555 jobs retained, though not all those projects have utilized the incentive program. As of July 2018 our unemployment rate is 3.4%. We continue to see healthy economic growth. In fact, in the FY 16 & 17 we saw over \$85,000,000 in capital investment, 280 new jobs and at least 40 retained jobs. Six of these 13 projects were eligible for incentives and sought assistance from Henderson County. While it is exciting to see job growth now, we are aware that there is a workforce strain. In April the Partnership for Economic Development hosted a job fair in conjunction with the public school system as well as the community college and at that time we heard of over 285 open industrial positions. Through their efforts they believe that we assisted with 10% of job interviews and probably 5% job placement. They continue to keep workforce in the top of their mind through their Made in Henderson County Program where the school system partners with Blue Ridge Community College and other workforce initiatives. However, we cannot stop our recruitment efforts. Things are good now but we believe there could be a recession. We want to be sure that we continue to diversify our economy. Our office has seen over 73 leads last fiscal year and we continue to work about 8-12 projects at any given time, and that is including existing industry. In fact we are seeing more and more existing industries adapting to the changes in the market place through new machinery and equipment and adjusting their head count. To remain competitive and yet realistic, last fall Russ Burrell and Brittany began exploring the incentive policy and looking at policies across the state and how we could revise the current guideline to fit our current economy. The current incentive policy is based on job creation, capital investment, and wages that exceed the medium set by the Department of Commerce. The majority of incentives follow the guidelines of performance based, meaning they must create jobs, pay the committed wages and benefits, and invest following their schedule, and then show proof to the County before receiving their grant. This process is followed each year of their grant agreement, however, catalyst projects may enter a separate agreement with the County. During most of the projects the issues of wages and to date tight labor market comes to a head. The proposed investment incentive guidelines state that the base will be on an increase in tax value of all real property, machinery and improvements above the base year prior to the investment, and upon growth or in rare cases maintenance of employment numbers of high quality jobs. No grant will be given to a company that reduced their tax payment or employment to a total amount lower than the previous year. The new guidelines and timeline request client application to start the process, outline the timeline of the

process and encourages executed agreements within 90 days. The proposed guidelines also outline a five year payment if less than 1.4 of the total investment equals real property or a non-industrial project, and a seven year payment for higher real property investments. The proposed formula is still based on increase in tax value. Instead of a calculation percentage of property taxes determined by the incentive grant based solely on the job creation, the new formula considers wages. The number of jobs provide a point value with the average wage providing another point value. Those point values are combined giving you a percentage and that would be property taxes generated for incentives that are granted. The new formula goes from 50-120% of taxes where in the past it was 70-120%. In addition to approved client communications, streamlining the process, and encouraging grant execution, an incentive tracking report in their sales force software has been created and utilized by their office which will allow their office to input project summaries and grant terms to accurately track incentive payouts. Their office can generate reports to the county based on the software and help with the budgeting process. These of course are guidelines and may be tweaked or modified depending on the project and the economy.

Russ Burrell stated periodically the Board reviews its Economic Development Assistance Guidelines. Before you are proposed revisions and updates. The primary update includes a scoring matrix which includes not only the number of jobs to be created by projects for which incentives are proposed, but also the wages to be paid by such jobs. One of the issues that the Board runs into is the economies changes. 2007 was a different place. These guidelines would pass all legalities of NC Law that exist.

Economic Development Assistance Guidelines

The following guidelines are adopted to promote diversified economic development, encourage growth in the property tax base, improve recruitment of business and industry, enhance job creation, and to continue Henderson County's ability to function as a local center of commerce and industry. All economic development assistance is offered at the discretion of the Henderson County Board of Commissioners ("the Board").

Investment Grants will be based on the increase in tax value of all real property, machinery and improvements above the base year prior to investment, and upon growth (or in rare cases, maintenance) of employment numbers of high quality jobs. No grant will be given to a company that would reduce their tax payment or employment total to an amount lower than the previous tax year.

1) General Information and Requirements

- a) Companies that seek economic development assistance must submit a project summary application. The application must be complete, with firm numbers for investment, job creation and wages.
- b) The Board will hold a public hearing prior to agreeing to provide any incentive grants. The public hearing will be the subject of a notice, which will be published at least ten (10) days prior to the hearing. The application numbers for the project (investment type and amount, jobs and wages) will be published in the notice of the public hearing. If it so desires due to competitive pressures, the company can remain anonymous at this stage. The possible incentive grants listed in the notice of public hearing will serve as the maximum for such grants in any agreement entered by the company and the County (see below).
- c) Projects must neither have started construction nor been publicly announced prior to consideration of the application.
- d) Economic development incentive grants must comply with the N.C. Gen. Stat. §158-7.1 and other applicable general statutes.

- e) In order to receive development incentives, the company must enter into a binding economic development and incentives agreement with the County ("the agreement"), which will include requirements for the timely performance by the company of the agreement's requirements (as noted in the notice of the public hearing), and penalties for non-performance.
- f) The recipient must demonstrate compliance with all agreement criteria prior to receiving assistance, and must certify that in the absence of grants, the location of the proposed project within Henderson County would be at a competitive disadvantage.
- g) Leased real properties may qualify if the applicant will enter into a binding lease that exceeds the length of the period for which grant payments will be made under the agreement.
- h) Economic development assistance under these guidelines is limited to new businesses and existing businesses undertaking expansions.
 - i) Assistance under these guidelines will not be awarded to existing businesses contemplating shifting locations within the County.
 - ii) An exception may be provided to this provision for business retention activities as described in paragraph 4), below.
- i) There is no right or entitlement to economic development assistance. All such grants are made at the discretion of the Board.
- j) All statements herein are guidelines and are not intended to limit the discretion of the Board under N.C. Gen. Stat. §158-7.1 and other applicable laws.

2) Project Requirements:

- a) The County may consider providing economic development grants for industrial projects that meet the following criteria:
 - i) Net minimum capital investment of \$1,500,000 or more measured by an increase in the property tax assessment;
 - ii) The project must create full-time jobs that pay wages at or above the median industrial wage for Henderson County as listed annually by the North Carolina Department of Commerce Finance Center, and provide health insurance and other benefits at a level commensurate with the averages of Henderson County manufacturing industry.
 - iii) Economic development grants for industries may be made in annual payments for up to five (5) years for projects where expenditures increasing the value of real property within the County do not make up at least one-fourth ($\frac{1}{4}$) of the total expenditures agreed to by the company, and up to seven (7) years for projects where expenditures increasing the value of real property within the County do make up at least one-fourth ($\frac{1}{4}$) of the total expenditures agreed to by the company. The maximum size of the annual grant will be determined as stated below.
 - iv) "Industrial projects" include corporate headquarters and research and development facilities that qualify under the requirements of Article 3J of Chapter 105 of the North Carolina General Statutes.
- b) The County may consider providing economic development grants to non-industrial projects that meet the following criteria:

- i) The project must create new full-time jobs that pay wages at or above the median industrial wage for Henderson County as listed annually by the North Carolina Department of Commerce Finance Center, and provide health insurance and other benefits at a level commensurate with Henderson County manufacturing industry.
 - ii) The projects must increase the assessed value of real property by no less than \$1,500,000.
 - iii) Non-industrial economic development grants may be made in annual payments for up to five (5) years to projects that meet these criteria. The maximum size of the annual grant will be determined as stated below.
 - iv) Non-industrial projects include professional offices, health care services, back office operations, but exclude residential projects. The following uses are not eligible for grants under this policy: cemeteries, golf courses, public utility uses, resource recovery facilities, adult uses, private clubs, agricultural uses, abattoirs, mining, landfills, residential uses and telecommunications towers. Mixed-use projects are eligible, but any residential element must have its portion of the investment subtracted from the calculations of tax value. The residential portion of the project may be eligible for other grants for the creation of opportunities for home ownership.
- 3) Grants: Project grants are generally made in annual payments in an amount and for a period as determined in this policy. No payment may be made until the applicant demonstrates compliance with all terms of the agreement. Should any applicant fail to comply with conditions agreed to in the incentives agreement, the applicant shall refund all incentive payments to the County.
- a) Average grant length, up to the maximum lengths stated in paragraphs 2)a)iii) and 2)b)iii), shall be four (4) years for industrial projects, and three (3) years for non-industrial projects.
 - b) Grant amounts for each project are determined in the discretion of the Board. However, it is anticipated that maximum grant amounts for projects will vary directly with the number of jobs created or retained directly as a result of the project, on the following schedule:

Number of Jobs Created	Points	Wages *Wages to be reviewed annually	Points
5-25	20	100% of Median (\$37,470)	20
26-49	30	105% of Median (\$39,343)	30
50-75	40	110% of Median (\$41,217)	40
76-149	50	120% of Median (\$44,969)	50
150+	60	150% of Median (\$56,205)	60

Total Points = Percentage of each year's property taxes generated as a result of the project for which the incentives are granted (for each year for which incentives are granted by the Board).

- 4) Business Retention Incentives. The County may consider in rare cases providing incentives to retain business and industry under certain conditions. The intent of these incentives is to provide a tool for the County to retain significant tax base and employment in the event of a critical and potentially catastrophic business or industrial closing. Grants cannot be used to subsidize or artificially sustain businesses and industries when job losses or closings appear inevitable. Grants or loan funds under this program are intended to benefit the County, its employees and citizens by increasing worker education, worker and company productivity and long-term industry competitiveness on a global basis. These incentives may not be used to protect companies from local business competition.

- a) Retention incentives may be used for the following purposes:
 - i) Employee training.
 - ii) Improving public infrastructure.
 - iii) Modernization of plant or equipment.
- b) Funding may be provided in the form of a loan or annual grants.
- c) Conditions of approval include commitment to maintain or increase levels of employment and tax base throughout the period agreed to in the incentives agreement.
- d) Asset purchases of existing companies already paying taxes in Henderson County do not qualify.
- e) The recipient must agree to participate in public information programs about all modernization and employee training efforts in order to share information concerning successes in making local industries more competitive in the global economy.

Commissioner Lapsley introduced the following resolution, a summary of which had been provided to each Commissioner, a copy of which was available with the Clerk to the Board and which was read by title:

**RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE COUNTY OF HENDERSON,
NORTH CAROLINA, APPROVING AN INSTALLMENT FINANCING CONTRACT AND
PROVIDING FOR CERTAIN OTHER RELATED MATTERS**

WHEREAS, the County of Henderson, North Carolina (the "County") is a validly existing political subdivision of the State of North Carolina, existing as such under and by virtue of the Constitution, statutes and laws of the State of North Carolina (the "State");

WHEREAS, the County has the power, pursuant to the General Statutes of North Carolina to (1) purchase real and personal property, (2) enter into installment financing contracts in order to finance and refinance the purchase of real and personal property used, or to be used, for public purposes and (3) grant a security interest in some or all of the property purchased to secure repayment of the purchase price;

WHEREAS, the Board of Commissioners of the County (the "Board") hereby determines that it is in the best interest of the County to finance (a) gravity sewer service to Fletcher Academy and Park Ridge Hospital, and certain nearby areas (the "Project") and (b) certain costs related to the execution and delivery of the Contract;

WHEREAS, the Board hereby determines that it is in the best interest of the County to enter into an Installment Financing Contract to be dated as of October 1, 2018 (the "Contract") between the County and ZB, N.A. (the "Bank") in order to (1) finance the costs of the Project and (2) pay certain costs incurred in connection with the execution and delivery of the Contract;

WHEREAS, the County hereby determines that construction of the Project is essential to the County's proper, efficient and economic operation and to the general health and welfare of its inhabitants; that the Project will provide an essential use and will permit the County to carry out public functions that

it is authorized by law to perform; and that entering into the Contract is necessary and expedient for the County by virtue of the findings presented herein;

WHEREAS, the County hereby determines that the Contract would allow the County to purchase the Project and take title thereto at a favorable interest rate currently available in the financial marketplace and on terms advantageous to the County;

WHEREAS, the County hereby determines that the estimated cost of construction of the Project is an amount not to exceed \$3,000,000 and that such cost exceeds the amount that can be prudently raised from currently available appropriations, unappropriated fund balances and non-voted bonds that could be issued by the County in the current fiscal year pursuant to Article V, Section 4 of the Constitution of the State;

WHEREAS, although the cost of construction of the Project pursuant to the Contract is expected to exceed the cost thereof pursuant to a bond financing for the same undertaking, the County hereby determines that the cost of construction of the Project pursuant to the Contract and the obligations of the County thereunder are preferable to a general obligation bond financing or revenue bond financing for several reasons, including but not limited to the following: (1) the cost of a special election necessary to approve a general obligation bond financing, as required by the laws of the State, would result in the expenditure of significant funds; (2) the time required for a general obligation bond election would cause an unnecessary delay which would thereby decrease the financial benefits of constructing the Project; and (3) insufficient revenues are produced by the Project so as to permit a revenue bond financing;

WHEREAS, the County has determined and hereby determines that the estimated cost of construction of the Project pursuant to the Contract reasonably compares with an estimate of similar costs under a bond financing for the same undertaking as a result of the findings delineated in the above preambles;

WHEREAS, the County does not anticipate a future property tax increase to pay installment payments falling due under the Contract;

WHEREAS, the sums to fall due under the Contract will be adequate but not excessive for its proposed purpose;

WHEREAS, Parker Poe Adams & Bernstein LLP, as bond counsel, will render an opinion to the effect that entering into the Contract and the transactions contemplated thereby are authorized by law;

WHEREAS, no deficiency judgment may be rendered against the County in any action for its breach of the Contract, and the taxing power of the County is not and may not be pledged in any way directly or indirectly or contingently to secure any money due under the Contract;

WHEREAS, the County is not in default under any of its debt service obligations;

WHEREAS, the County's budget process and Annual Budget Ordinance are in compliance with the Local Government Budget and Fiscal Control Act, and external auditors have determined that the County has conformed with generally accepted accounting principles as applied to governmental units in preparing its Annual Budget Ordinance;

WHEREAS, past audit reports of the County indicate that its debt management and contract obligation payment policies have been carried out in strict compliance with the law, and the County has not been censured by the North Carolina Local Government Commission (the "LGC"), external auditors

or any other regulatory agencies in connection with such debt management and contract obligation payment policies;

WHEREAS, a public hearing on the Contract and the Project after publication of a notice with respect to such public hearing must be held and the Board conducted such public hearing at this meeting;

WHEREAS, the County has filed an application with the LGC for approval of the LGC with respect to the County entering into the Contract in an aggregate principal amount of not to exceed \$3,000,000, and the County hereby determines that all findings, conclusions and determinations of the County in this Resolution are subject to such approval by the LGC;

WHEREAS, there has been described to the Board the form of the Contract, a copy of which has been made available to the Board, which the Board proposes to approve, enter into and deliver, as applicable, to effectuate the proposed installment financing; and

WHEREAS, it appears that the Contract is in appropriate form and is an appropriate instrument for the purposes intended;

Section 1. ***Ratification of Prior Actions.*** All actions of the County, the County Manager, the Finance Director and the Clerk to the Board and their respective designees in effectuating the proposed financing of the Project are hereby approved, ratified and authorized pursuant to and in accordance with the transaction contemplated by the Contract.

**THIS LEASE DOES NOT BECOME EFFECTIVE UNTIL EXECUTED
BY THE NORTH CAROLINA DEPARTMENT OF PUBLIC SAFETY**

STATE OF NORTH CAROLINA

LEASE AGREEMENT

THIS LEASE AGREEMENT, made and entered into this the 4th day of September, 2018, by and between **COUNTY of HENDERSON**, hereinafter designated as Lessor, and the **STATE OF NORTH CAROLINA**, hereinafter designated as Lessee;

WITNESSETH:

WHEREAS, authority to approve and execute this lease agreement was delegated to the Department of Administration by resolution adopted by the Governor and Council of State on the 1st day of September, 1981; and

WHEREAS, the Department of Administration has delegated to this State agency the authority to execute this lease agreement by a memorandum dated the 18th day of January, 2017; and

WHEREAS, the parties hereto have mutually agreed to the terms of this lease agreement as hereinafter set out,

NOW THEREFORE, in consideration of the rental hereinafter agreed to be paid and the terms and conditions hereinafter set forth, Lessor does hereby let and lease unto Lessee and Lessee hereby takes and leases from Lessor for and during the period of time and subject to the terms and conditions hereinafter set out certain space in the **City of Hendersonville, County of Henderson**, North Carolina, more particularly described as follows:

Being +/- 4,902 net square feet of office space located at 1347 Spartanburg Hwy, Suite 3, Hendersonville, Henderson County, North Carolina.

DEPARTMENT OF PUBLIC SAFETY(Probation and Parole)

THE TERMS AND CONDITIONS OF THIS LEASE AGREEMENT ARE AS FOLLOWS:

1. The term of this lease shall be for a period of three (3) Years commencing on the **1st day of October, 2018** or as soon thereafter as the leased premises are ceded to the Lessee and terminating on the **30th day of September, 2021**.
2. The Lessee shall pay to the Lessor as rental for said premises the sum of **\$1.00** Dollars per term to be payable within five (5) days from receipt of invoice in triplicate.

The Lessee agrees to pay the aforesaid rental to Lessor at the address specified, or, to such other address as the Lessor may designate by a notice in writing at least fifteen (15) days prior to the due date.

3. Lessor agrees to furnish to the Lessee, as a part of the consideration for this lease, the following services and utilities to the satisfaction of the Lessee.

- A Heating facilities, air conditioning facilities, adequate electrical facilities, adequate lighting fixtures and sockets, hot and cold water facilities, and adequate toilet facilities.
- B. Janitorial services and supplies including maintenance of lawns, parking areas, common areas and disposal of trash.
- C. All utilities except telephone.
- D. Parking as available.
- E. The lessor covenants that the leased premises are generally accessible to persons with disabilities. This shall include access into the premises from the parking areas (where applicable), into the premises via any common areas of the building and access to an accessible restroom.

4. During the lease term, the Lessor shall keep the leased premises in good repair and tenantable condition, to the end that all facilities are kept in an operative condition. Maintenance shall include, but is not limited to furnishing and replacing electrical light fixture ballasts, air conditioning and ventilating equipment filter pads, if applicable, and broken glass. In case Lessor shall, after notice in writing from the Lessee in regard to a specified condition, fail, refuse, or neglect to correct said condition, or in the event of an emergency constituting a hazard to the health or safety of the Lessee's employees, property, or invitees, it shall then be lawful for the Lessee in addition to any other remedy the Lessee may have, to make such repair at its own cost and to deduct the amount thereof from the rent that may then be thereafter become due hereunder. The Lessor reserves the right to enter and inspect the leased premises, at reasonable times, and to make necessary repairs to the premises.

5. It is understood and agreed that Lessor shall, at the beginning of said lease term as hereinabove set forth, have the leased premises in a condition satisfactory to Lessee, including repairs, painting, partitioning, remodeling, plumbing and electrical wiring suitable for the purposes for which the leased premises will be used by Lessee.

6. The Lessee shall have the right during the existence of this lease, with the Lessor's prior consent, to make alterations, attach fixtures and equipment, and erect additions, structures or signs in or upon the leased premises. Such fixtures, additions, structures or signs so placed in or upon or attached to the leased premises under this lease or any prior lease of which this lease is an extension or renewal shall be and remain the property of the Lessee and may be removed therefrom by the Lessee prior to the termination of this lease or any renewal or extension thereof, or within a reasonable time thereafter. The Lessee shall have no duty to remove any improvement or fixture placed by it on the premises or to restore any portion of the premises altered by it. In the event Lessee elects to remove his improvements or fixtures and such removal causes damage or injury to the demised premises, Lessee will repair only to the extent of any such damage or injury.

7. If the said premises be destroyed by fire or other casualty without fault of the Lessee, this lease shall immediately terminate and the rent shall be apportioned to the time of the damage. In case of partial destruction or damage by fire or other casualty without fault of the Lessee, so as to render the premises untenable in whole or in part, there shall be an apportionment of the rent until the damage has been repaired. During such period of repair, Lessee shall have the right to obtain similar office space at the expense of Lessee or the Lessee may terminate the lease by giving fifteen (15) days written notice to the Lessor.

8. Lessor shall be liable to Lessee for any loss or damages suffered by Lessee which are a direct result of the failure of Lessor to perform an act required by this lease, and provided that Lessor could reasonably have complied with said requirement.

9. Upon termination of this lease, the Lessee will peaceably surrender the leased premises in as good order and condition as when received, reasonable use and wear and damage by fire, war, riots, insurrection, public calamity, by the elements, by act of God, or by circumstances over which Lessee had no control or for which Lessor is responsible pursuant to this lease, excepted.

10. The Lessor agrees that the Lessee, upon keeping and performing the covenants and agreements herein contained, shall at all times during the existence of this lease peaceably and quietly have, hold, and enjoy the leased premises free from the adverse claims of any person.

11. The failure of either party to insist in any instance upon strict performance of any of the terms and conditions herein set forth shall not be construed as a waiver of the same in any other instance. No modification of any provision hereof and no cancellation or surrender thereof shall be valid unless in writing and signed and agreed to by both parties.

12. Any hold over after the expiration of the said term or any extension thereof, shall be construed to be a tenancy from month to month, and shall otherwise be on the terms and conditions herein specified, so far as applicable; however, either party shall give not less than sixty (60) days written notice to terminate the tenancy.

13. The parties to this lease agree and understand that the continuation of this lease agreement for the term period set forth herein, or any extension or renewal thereof, is dependent upon and subject to the appropriation, allocation or availability of funds for this purpose to the agency of the Lessee responsible for payment of said rental. The parties to this lease also agree that in the event the agency of the Lessee or that body responsible for the appropriations of said funds, in its sole discretion, determines, in view of its total local office operations that available funding for the payment of rents are insufficient to continue the operation of its local offices on the premise leased herein, it may choose to terminate the lease agreement set forth herein by giving Lessor written notice of said termination, and the lease agreement shall terminate immediately without any further liability to Lessee.

14. All notices herein provided to be given, or which may be given by either party to the other, shall be deemed to have been fully given when made in writing and deposited in the United States mail, certified and postage prepaid and addressed as follows: To the Lessor at **1 Historic Courthouse Sq., Suite 2, Hendersonville, North Carolina 28792** and the Lessee at **4227 Mail Service Center, 3030 Hammond Business Place, Raleigh, North Carolina 27699-4227**. Nothing herein contained shall preclude the giving of such notice by personal service. The address to which notices shall be mailed as aforesaid to either party may be changed by written notice.

15. "N.C.G.S. § 133-32 and Executive Order 24 prohibit the offer to, or acceptance by, any State Employee of any gift from anyone with a contract with the State, or from any person seeking to do business with the State. By execution of any response in this procurement, you attest, for your entire organization and its employees or agents, that you are not aware that any such gift has been offered, accepted, or promised by any employees of your organization."

Economic Development Assistance Guidelines

The following guidelines are adopted to promote diversified economic development, encourage growth in the property tax base, improve recruitment of business and industry, enhance job creation, and to continue Henderson County's ability to function as a local center of commerce and industry. All economic development assistance is offered at the discretion of the Henderson County Board of Commissioners ("the Board").

Investment Grants will be based on the increase in tax value of all real property, machinery and improvements above the base year prior to investment, and upon growth (or in rare cases, maintenance) of employment numbers of high quality jobs. No grant will be given to a company that would reduce their tax payment or employment total to an amount lower than the previous tax year.

1) General Information and Requirements

- a) Companies that seek economic development assistance must submit a project summary application. The application must be complete, with firm numbers for investment, job creation and wages.
- b) The Board will hold a public hearing prior to agreeing to provide any incentive grants. The public hearing will be the subject of a notice, which will be published at least ten (10) days prior to the hearing. The application numbers for the project (investment type and amount, jobs and wages) will be published in the notice of the public hearing. If it so desires due to competitive pressures, the company can remain anonymous at this stage. The possible incentive grants listed in the notice of public hearing will serve as the maximum for such grants in any agreement entered by the company and the County (see below).
- c) Projects must neither have started construction nor been publicly announced prior to consideration of the application.
- d) Economic development incentive grants must comply with the N.C. Gen. Stat. §158-7.1 and other applicable general statutes.
- e) In order to receive development incentives, the company must enter into a binding economic development and incentives agreement with the County ("the agreement"), which will include requirements for the timely performance by the company of the agreement's requirements (as noted in the notice of the public hearing), and penalties for non-performance.
- f) The recipient must demonstrate compliance with all agreement criteria prior to receiving assistance, and must certify that in the absence of grants, the location of the proposed project within Henderson County would be at a competitive disadvantage.
- g) Leased real properties may qualify if the applicant will enter into a binding lease that exceeds the length of the period for which grant payments will be made under the agreement.
- h) Economic development assistance under these guidelines is limited to new businesses and existing businesses undertaking expansions.

- i) Assistance under these guidelines will not be awarded to existing businesses contemplating shifting locations within the County.
 - ii) An exception may be provided to this provision for business retention activities as described in paragraph 4), below.
- i) There is no right or entitlement to economic development assistance. All such grants are made at the discretion of the Board.
 - j) All statements herein are guidelines and are not intended to limit the discretion of the Board under N.C. Gen. Stat. §158-7.1 and other applicable laws.
- 2) Project Requirements:
- a) The County may consider providing economic development grants for industrial projects that meet the following criteria:
 - i) Net minimum capital investment of \$1,500,000 or more measured by an increase in the property tax assessment;
 - ii) The project must create full-time jobs that pay wages at or above the median industrial wage for Henderson County as listed annually by the North Carolina Department of Commerce Finance Center, and provide health insurance and other benefits at a level commensurate with the averages of Henderson County manufacturing industry.
 - iii) Economic development grants for industries may be made in annual payments for up to five (5) years for projects where expenditures increasing the value of real property within the County do not make up at least one-fourth ($\frac{1}{4}$) of the total expenditures agreed to by the company, and up to seven (7) years for projects where expenditures increasing the value of real property within the County do make up at least one-fourth ($\frac{1}{4}$) of the total expenditures agreed to by the company. The maximum size of the annual grant will be determined as stated below.
 - iv) "Industrial projects" include corporate headquarters and research and development facilities that qualify under the requirements of Article 3J of Chapter 105 of the North Carolina General Statutes.
 - b) The County may consider providing economic development grants to non-industrial projects that meet the following criteria:
 - i) The project must create new full-time jobs that pay wages at or above the median industrial wage for Henderson County as listed annually by the North Carolina Department of Commerce Finance Center, and provide health insurance and other benefits at a level commensurate with Henderson County manufacturing industry.
 - ii) The projects must increase the assessed value of real property by no less than \$1,500,000.
 - iii) Non-industrial economic development grants may be made in annual payments for up to five (5) years to projects that meet these criteria. The maximum size of the annual grant will be determined as stated below.
 - iv) Non-industrial projects include professional offices, health care services, back office operations, but exclude residential projects. The following uses are not eligible for grants under this policy: cemeteries, golf courses, public utility uses, resource recovery facilities, adult uses, private clubs, agricultural uses, abattoirs, mining, landfills,

residential uses and telecommunications towers. Mixed-use projects are eligible, but any residential element must have its portion of the investment subtracted from the calculations of tax value. The residential portion of the project may be eligible for other grants for the creation of opportunities for home ownership.

- 3) Grants: Project grants are generally made in annual payments in an amount and for a period as determined in this policy. No payment may be made until the applicant demonstrates compliance with all terms of the agreement. Should any applicant fail to comply with conditions agreed to in the incentives agreement, the applicant shall refund all incentive payments to the County.
 - a) Average grant length, up to the maximum lengths stated in paragraphs 2)a)iii) and 2)b)iii), shall be four (4) years for industrial projects, and three (3) years for non-industrial projects.
 - b) Grant amounts for each project are determined in the discretion of the Board. However, it is anticipated that maximum grant amounts for projects will vary directly with the number of jobs created or retained directly as a result of the project, on the following schedule:

Number of Jobs Created	Points
5-25	20
26-49	30
50-75	40
76-149	50
150+	60

Wages *Wage data to be updated annually	Points
100% of Median (\$37,470)	20
105% of Median (\$39,343)	30
110% of Median (\$41,217)	40
120% of Median (\$44,969)	50
150% of Median (\$56,205)	60

Total Points = Percentage of each year's property taxes generated as a result of the project for which the incentives are granted (for each year for which incentives are granted by the Board).

- 4) Business Retention Incentives. The County may consider in rare cases providing incentives to retain business and industry under certain conditions. The intent of these incentives is to provide a tool for the County to retain significant tax base and employment in the event of a critical and potentially catastrophic business or industrial closing. Grants cannot be used to subsidize or artificially sustain businesses and industries when job losses or closings appear inevitable. Grants or loan funds under this program are intended to benefit the County, its employees and citizens by increasing worker education, worker and company productivity and long-term industry competitiveness on a global basis. These incentives may not be used to protect companies from local business competition.
 - a) Retention incentives may be used for the following purposes:
 - i) Employee training.
 - ii) Improving public infrastructure.
 - iii) Modernization of plant or equipment.
 - b) Funding may be provided in the form of a loan or annual grants.

- c) Conditions of approval include commitment to maintain or increase levels of employment and tax base throughout the period agreed to in the incentives agreement.
- d) Asset purchases of existing companies already paying taxes in Henderson County do not qualify.
- e) The recipient must agree to participate in public information programs about all modernization and employee training efforts in order to share information concerning successes in making local industries more competitive in the global economy.
