I-26 EXPANSION PROJECT – EMERGENCY SERVICE PROVISION

Jimmy Brissie provided the Board with the status of the plan for provision of emergency services during the I-26 expansion project. He noted the community has grown, speed limits have increased, and more distractions are in the picture. Laws have changed for speed limits within work zones. NCDOT has met with Emergency Services for over a year looking at ways to improve procedures during I-26 work.

A group of emergency responders and other key stake holders have collaborated and the Mountain Regional Traffic Management Center opened in July in Asheville. With the construction, there are no shoulders and very limited emergency area. Empty radios channels are being used for communications. NC Assistance Management is being used to control road clearing from accidents. They are available 7 days a week through contracting of tow trucks for quicker removal of vehicles within 20 minutes.

Commissioner Edney asked Mr. Brissie to look for any additional resources that might be available during the construction of I-26, and bring the information back to the Board on a January agenda. He asked that Mission, Pardee and Advent Health be invited to the meeting.

Attorney Russ Burrell suggested possible ordinance changes. The Board has the ability to regulate in public placed outside of the municipalities, within our buildings and grounds, and places open to the public. The outdoors is difficult.

Commissioner Lapsley feels the commissioners should stand by the Board of Health recommendations, and bring this to the attention of the Board of Education. He would like feedback from the Board of Health and Board of Education during the mid-month meeting in January.

MEDICAID TRANSPORTATION UPDATE

At the Board's November 20, 2019 meeting, a vendor spoke during Informal Public comments with regards to Medicaid transportation policies and procedures. Staff researched the current policies and procedures, and discussed their finding with the Board.

Jerrie McFalls stated Non-Emergent Transportation (NEMT) is provided to Medicaid recipients to appointments paid for my Medicaid. Trips are billed through NCTracks, which is the multi-payer Medicaid Management Information System for the NC Department of Human Resources and verified by DSS staff. Internally they use "the bus", a software program to manage NEMT trips.

Current policy, issued in 2004 by NC DHHS, states since most DHHS agencies do not calculate fully allocated transportation costs, agencies should identify standard local charges or reimbursement rates and generally pay no more than this amount. Henderson County DSS reimburses all vendors at the same rate as allowed by policy. A flat rate scheduled plus mileage traveled is used based on the type of transportation provided.

Another vendor would like to contract to provide the service, however they do not have a documented need at this time.

Approval to provide NEMT requires the vendor to 1) enroll in NC Tracks, 2) have approval from a site visit conducted by Public Consulting Group (PCG), a public sector management consulting and operations improvement firm contracted by NC Medicaid, and 3) provide information needed to contract with Henderson County. This is a lengthy process for some potential vendors. Historically, some things that slow the approval process is failure to complete each step of the process timely.

Currently Henderson County has six (6) vendors. Their most experienced vendor has served since 2006 and has fourteen (14) vehicles available and approved. One (1) vendor has six (6) vehicles available and the four (4) other vendors have three (3) vehicles available to provide Medicaid Transportation. Their newest vendor began service in August 2019 and has three (3) vehicles. Some vendors provide service in Henderson, Buncombe and other surrounding counties thus limiting the number of trips they can make in specific counties.

When a recipient first receives benefits under Medicaid transportation they are assigned to one vendor who will provide their transportation. The assignment of the vendor is generally on a rotation system. However when their newest vendor in the system began, they assigned the next eighteen new recipients to him so that

that vendor could build a recipient base. Then they returned to the regular rotation system. This is the only exception to the regular rotation system of new recipients. The Department does not want to be in a position of assigning a new recipient to a particular vendor, having that recipient develop a trust relationship with that vendor providing transport, only to have that vendor fail financially. It was for that reason the newest vendor was assigned the 18 new recipients in a row – otherwise, the newest vendor would have only received 3 new recipients.

If a recipient's assigned vendor is not available to provide a particular day's transport, they contact the next vendor on the rotation who can provide the type of transport needed. (Some vendors do not provide wheelchair transports.) If an alternate vendor is used, they return to the original vendor of the recipient for their next transport. At times they have requests from both vendors and recipients to change vendors or return to a previous vendor. They honor these requests unless they do not have an appropriate vendor, such as wheelchair transport. All vendors lose clients at times due to recipient preference and vendor availability. They have found no indication that any employees have received any incentives or gifts from any vendor or anyone else regarding Medicaid transportation.

All recipient complaints and concerns are discussed with the vendor involved.

Arrival and pick-up times for recipients are pre-arranged with vendors based on the needs of the recipient. This is an important aspect of the service when ill, disabled and elderly clients are involved. DSS strives to assist recipients with appropriate, timely transportation to help meet their medical needs.

HENDERSONVILLE HIGH SCHOOL – GMP #2

John Mitchell stated at the February 4, 2019 meeting of the Board of Commissioners, the Board approved a contract for PFA and LS3P to design and proceed with renovating Hendersonville High School. Vannoy Construction (Vannoy) is acting as the Construction Manager at Risk (CMR) for the project. Part of the CMR process is to provide a Guaranteed Maximum Price (GMP).

The approved schedule is for the school to be completed for the fall term of 2023. To meet the schedule, the architects have broken the project into three separate bid packages, GMP-1, GMP-2 and GMP-3, which together will form the final Guaranteed Maximum Price (GMP).

GMP-2, an early structural and site package, was provided for the Board's consideration. Requests for proposals were properly advertised according to North Carolina General Statute, and bids were opened on November 14, 2019. The total cost of the work is \$15,828,847. This number is within the total approved budget.

Commissioner Edney questioned the deal made with the alumni to use planks from the gym floor. John Mitchell will follow-up and bring back information.

Commissioner Edney made the motion to accept the Guaranteed Maximum Price #2 and direct staff to continue the project, subject to the removal of the old gym rock work being stored at the landfill at no additional cost. All voted in favor and the motion carried.

<u>APPOINT REPRESENTATIVE TO NORTH CAROLINA ENVIRONMENTAL MANAGEMENT COMMISSION MEETING -ADD ON</u>

Russ Burrell stated the North Carolina Environmental Management Commission will next meet in January of 2020. On their agenda is scheduled to be the Commission's initial consideration of the merger between the Metropolitan Sewerage District of Buncombe County and Henderson County's Cane Creek Water and Sewer District. This Board may wish to select a representative to accompany staff in order to respond to any questions which may arise during the Commission's consideration.

Commissioner Edney made the motion that the Board select Commissioner Lapsley as representative to the North Carolina Environmental Management Commissioner's January meeting. All voted in favor and the motion carried.

COUNTY MANAGER'S REPORT

Steve Wyatt reminded the Board of the ribbon cutting and tours of Edneyville Elementary on Wednesday, December 18, 2019 at 10:00 a.m.

On January 15, 2020, the Board will convene here for a budget workshop.

He noted during BRCC renovations and additions bidding process, six company's submitted proposals including Cooper Construction, but due to Cooper Construction's workload, they withdrew their proposal.
