SECOND SUPPLEMENTAL PROCLAMATION OF EMERGENCY ORDER OF THE HENDERSON COUNTY BOARD OF COMMISSIONERS

BOARD OF COMMISSIONERS ENACTMENT 2020-33

The Board of Commissioners of Henderson County (the "Board") makes the following findings:

On March 14, 2020, Henderson County (the "County") issued a Proclamation of Emergency (the "March 14 Proclamation"). All findings contained in the March 14 Proclamation are incorporated herein by reference. On March 27, 2020, the County issued a Supplemental Proclamation of Emergency and Order

(the “March 27 Supplement”). All findings contained in the March 27 Supplement are incorporated herein by reference.

B. The Governor of North Carolina has issued a Declaration of Emergency (NC Executive Order 116) on March 10, 2020, subsequently supplemented by various Orders (NC Executive Orders 117 (prohibiting mass gatherings and closing schools), 118 (limiting operations of restaurants and bars), 120 (additional limits on mass gatherings, venue restrictions, long-term care facility restrictions, and extending school closing), and 121 (“stay at home”). All findings in the NC Executive Orders 116 117, 118, 120 and 121 are incorporated herein by reference.

C. Dr. Deborah Birx, the White House Coronavirus Response Coordinator, recently urged individuals who have traveled from the New York metropolitan area to self-quarantine for a period of fourteen (14) days, due to their potential exposure to COVID-19, to ensure that they do not facilitate the spread of COVID-19 to others.

D. Dr. Anthony Fauci, a member of the White House Coronavirus Task Force, has likewise called for individuals who have visited New York to self-quarantine for a period of fourteen (14) days so that the City of New York does not act as a “seeding point to the rest of the country”.

E. The States of South Carolina, Florida and Texas have imposed quarantine periods on travelers from various “hot-beds” of COVID-19.

F. The United States Centers for Disease Control have issued a domestic travel advisory for New York, New Jersey and Connecticut, urging residents of those states not employed in critical infrastructure industries to refrain from non-essential travel.

G. N.C. Gen. Stat. §166A-19.31(b) empowers North Carolina counties which have adopted emergency management laws pursuant to Chapter 166A of the General Statutes to adopt “prohibitions and restrictions: . . . (5) [u]pon other activities or conditions the control of which may be reasonably necessary to maintain order and protect lives or property during the state of emergency.”

H. Chapter 76 of the Henderson County Code was adopted pursuant to Chapter 166A of the General Statutes.

I. Section 76-17(C) allows prohibitions or restrictions on “[o]ther activities or conditions the control of which may be reasonably necessary to maintain order and protect lives or property during the state of emergency, within the area designated in the proclamation.”

J. For the above reasons, and in recognition and furtherance of the Board’s responsibility to provide for and ensure the health, safety, security, and welfare of the people of the County during a declared emergency, and pursuant to the cited authorities and other applicable law, the Board has determined that the evolving public health threat posed by COVID-19 requires additional proactive action by the County, and the implementation and enforcement of further extraordinary measures to slow the spread of COVID-19, minimize the strain on healthcare providers, and otherwise respond to and mitigate the evolving public health threat posed by this emergency.

NOW THEREFORE the Board, by the authority vested in it by the State of North Carolina, hereby orders and directs as follows:

- 1. Required Self-Quarantine for Individuals Entering the County from High-Risk Areas**
To continue to prepare for and respond to the ongoing and potential impacts associated with COVID-

19, and the evolving public health threat posed by the same, and to maintain peace and good order during the State of Emergency, pursuant to the cited authorities and other applicable law, the Board hereby determines, orders, and directs as follows:

A. The Board hereby orders and directs that an individual who enters the County after the effective date hereof from an area with substantial community spread, initially including all of the “Tri-State Area” (the States of New York, New Jersey, and Connecticut) and the Cities and metropolitan areas of New Orleans, Louisiana, and Atlanta, Georgia, shall isolate or self-quarantine for a period of fourteen (14) days from the time of entry into the County or the duration of the individual’s presence in the County, whichever period is shorter. This Order shall not apply to individuals employed by Essential Businesses and Operations (as defined by the March 27 Supplement as amended or employed as a part of the “Essential Critical Infrastructure Workforce” as updated in the March 28, 2020, “Memorandum on Identification of Essential Critical Infrastructure Workers During COVID-19 Response”, or performing or assisting with military, healthcare, or emergency response operations. Any individual required by this Order, or any directives issued in connection therewith, to isolate or self-quarantine shall be responsible for any and all costs associated with such isolation or self-quarantine, including transportation, lodging, food, and medical care.

B. The Board further orders and directs that no establishment subject to the Henderson County Occupancy Tax and no other person or entity that rents short-term residential space in the County shall take further reservations for lodging from any person self-identifying (or otherwise reasonably identified) as being either resident of or currently or recently present in an area with substantial community spread (as identified pursuant to paragraph 1.A., above) during the duration of the emergency previously declared by the County. This Order shall not apply to reservations made for individuals employed by Essential Businesses and Operations (as defined by the March 27 Supplement as amended or employed as a part of the “Essential Critical Infrastructure Workforce” as updated in the March 28, 2020, “Memorandum on Identification of Essential Critical Infrastructure Workers During COVID-19 Response”, or performing or assisting with military, healthcare, or emergency response operations.

C. The Board hereby requests the Henderson County Department of Public Health and other staff of the County to provide any necessary and appropriate supplemental guidance regarding the interpretation, application, or enforcement of this Order, including written guidance to be supplied to persons checking in to establishments whose occupants may be the subject of this Order.

D. The Board hereby authorizes the County Manager to add further regions, cities and states, as the evidence later received dictates, to the “area of substantial community spread” defined in paragraph 1.A., above. Upon such determination by the County Manager, a written statement of the same will be posted in like manner as a proclamation of emergency under Chapter 76 of the Henderson County Code, with copies distributed by electronic means to all media requesting the same, and by posting on the Henderson County government website.

2. Enforcement

The Board hereby orders all Henderson County law enforcement officers under the command of the Henderson County Sheriff, Lowell Griffin, and all county emergency service and public safety resources at the direction of the County’s Emergency Services Director, Jimmy Brissie, to cooperate in the enforcement and implementation of the provisions of this Proclamation, all applicable local ordinances, state and federal laws, and the Henderson County Emergency Operations Plan.

3. Duration

This Order is effective at noon on April 1, 2020, and shall remain in effect for the duration of the State of Emergency unless otherwise modified, amended, or rescinded by subsequent Order.

4. Geographical Area Affected

This Order is effective in the unincorporated areas of the County, and in such municipalities within the County as notify the County, the County Manager, and the Emergency Management Coordinator. Upon any notification from municipalities, the County shall notify the Office of the Henderson County Sheriff of such notification.

5. Further Orders

Further proclamations, orders, and directives deemed necessary to ensure the fullest possible protection of life and property during this State of Emergency shall be issued at a public meeting by the Board and thereafter reduced to writing and published for dissemination within the succeeding 24-hour period.

AMENDED SUPPLEMENTAL PROCLAMATION OF EMERGENCY FOR HENDERSON COUNTY AND ORDER

Pursuant to authority granted to North Carolina counties under the North Carolina Emergency Management Act (Article I of Chapter 166A of the North Carolina General Statutes), and also pursuant to authority granted by Article II of Chapter 76 of the Henderson County Code, the Henderson County Board of Commissioners (the "Board") makes the following findings:

A. The Board adopted a Supplemental Proclamation of Emergency for Henderson County and Order (the "Board's Order") on March 27, 2020, to be effective on March 28, 2020.

B. Subsequent to the Board's action, the Governor of North Carolina adopted Executive Order 121 ("EO121").

C. Both the Board's Order and EO121 are similar, in that require the citizens of Henderson County to "stay at home", subject to certain provisions.

D. It would ease the burden on the citizens of Henderson County to have certain provisions of the Board's Order identical to similar provisions of EO121.

NOW, THEREFORE, the Board hereby amends the Board's Order, which as amended now reads as follows:

SUPPLEMENTAL PROCLAMATION OF EMERGENCY FOR HENDERSON COUNTY AND ORDER

Pursuant to authority granted to North Carolina counties under the North Carolina Emergency Management Act (Article I of Chapter 166A of the North Carolina General Statutes), and also pursuant to authority granted by Article II of Chapter 76 of the Henderson County Code, and pursuant to and supplementing the Proclamation of State of Emergency for Henderson County declared March 14, 2020, at 6:00 p.m., the following findings are hereby made:

Findings:

A. The undersigned issued a Proclamation of State of Emergency for Henderson County (the "March 14 Proclamation"), covering all the unincorporated areas of Henderson County, and, with the consent of the City of Hendersonville, the Town of Laurel Park, the Town of Fletcher, the Town of Mills River and the Village of Flat Rock, the incorporated areas of those municipalities.

B. Since the March 14 Proclamation, the President of the United States and the Governor of North Carolina have issued new Orders with provisions including greater restrictions on mass gatherings and certain other activities.

C. Consultation has been made with the members of the Board of Commissioners of Henderson County, and with the City of Hendersonville, the Town of Laurel Park, the Town of Fletcher, and the Town of Mills River, and the Village of Flat Rock, with local public health officials and with leaders of Margaret R. Pardee Memorial Hospital and Advent Health Fletcher Hospital.

D. Since the March 14 Proclamation, many residents of the county have been tested for the COVID-19 virus. Initially, there was a connection and correlation between positive results and out of county travel or contact with someone known or believed to have been positive; however as of this date there is increasing evidence of cases in Henderson County and neighboring counties, including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission to citizens of Henderson County.

E. In areas fighting COVID-19 there is a severe shortage of medical facilities, equipment, supplies and personnel, and there is an urgent need to act to prevent or alleviate such a shortage in Henderson County.

F. It is essential to slow viral transmission among our citizens as much as possible to protect the most vulnerable and to prevent the health care system of Henderson County from being overwhelmed, and thus unable to provide proper and adequate treatment.

G. Many individuals who contract the virus display no symptoms or have mild symptoms which means they may not be aware they carry the virus. People without symptoms can transmit the disease and because evidence shows the disease is easily spread, mass gatherings can result in further transmissions of the virus.

H. As a result of this ongoing public health emergency, after the consultations above, we have determined that if further action is not taken to slow the spread of COVID-19 within Henderson County, there is an imminent threat of, or existing conditions have caused or will cause, widespread or severe damage, injury, or loss of life or property, and public safety authorities may be unable to maintain public order or afford adequate protection for lives or property.

I. It is essential to slow viral transmission in Henderson County as much as possible to protect the most vulnerable, and to prevent the local health care system from being overwhelmed.

J. This Supplemental Proclamation and Order is necessary to slow the rate of spread, and to make the best use of finite medical resources so that their capacity for treatment is not exceeded by the need created by COVID-19. Further, it is the least restrictive action available to meet these necessities based on the evidence at present.

NOW, THEREFORE, IN COMPLIANCE WITH THE PROCLAMATIONS OF THE PRESIDENT OF THE UNITED STATES AND THE GOVERNOR OF NORTH CAROLINA, AND AFTER CONSULTATION WITH PUBLIC HEALTH AUTHORITIES AND THE MUNICIPALITIES OF HENDERSON COUNTY, THE UNDERSIGNED HEREBY SUPPLEMENTS THE MARCH 14 PROCLAMATION AND ORDAINS AS FOLLOWS:

I. The effective area of this Supplemental Proclamation is all the unincorporated areas of Henderson County, and, with the consent of the City of Hendersonville, the Town of Laurel Park, the Town of Fletcher,

the Town of Mills River, and the Village of Flat Rock, and the incorporated areas of those municipalities.

II. The purpose of this action is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform essential services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they shall at all times reasonably comply with CDC recommendations of Social Distancing Requirements of at least six (6) feet apart. Individuals whose residences are unsafe or become unsafe, such as victims of domestic violence, are permitted and urged to leave their home and stay at a safe alternative location. For purposes of this Proclamation, homes or residences include hotels, motels, shared rental units, shelters, and similar facilities. All provisions of this Proclamation should be interpreted to effectuate this intent.

III. The March 14 Proclamation remains in full force and effect.

IV. North Carolina General Statute 166A-19.31 and Chapter 76 of the Henderson County Code allows the County of Henderson to enact a variety of restrictions and prohibitions as this evolving situation warrants. In accordance therewith, we order the following in addition to the restrictions in Executive Order 120 signed by Governor Cooper on March 23, 2020, which is incorporated by reference herein:

All visitors may be required to take precautionary measures including, but not limited to, social distancing or wearing personal protective equipment. Any Chapter 131E Facility may deny visitation for the duration of this Emergency.
