Purchase and Installation of PowerPhone Total Response System

The Board was requested to approve the proposal and authorize staff to proceed with the purchase of (1) PowerPhone Total Response Call Handling System via the sole source exception to bidding as allowed under N.C.G.S 143-129 (e)(6).

The sole quote was received from Powerphone for a total price of \$117,985. Total Response is the only Approved:

dispatch protocol system that focuses on the chief complaint of an emergency call rather than trying to compartmentalize each call into a category of police, fire, or medical. Because the system utilizes a centralized database for all disciplines, it allows the call taker to navigate through the questioning sequence more quickly without switching from module to module during an emergency call. For example, if a domestic incident turns into a gunshot wound, Total Response allows the call taker to quickly navigate through the appropriate questions in one sequence without switching from a police module to a medical module. This feature makes the call-handling process much more efficient and saves the call-taker valuable time. Total Response also includes a Script Manager module which is not offered by other vendors. This module allows users with the proper permissions the ability to create and amend call-handling sequences to customize the system and better meet agency needs. In addition, Total Response is the only vendor to offer Site Licensed Training with unlimited access to a library of exclusive, self-paced courses for 911 professionals.

The Total Response System will integrate with our current CAD system at no additional cost.

The purchase of the Total Response system was included in the FY2023 budget in the amount of \$132,080. An updated quote was provided in July in the amount of \$117,985.

Motion:

I move the Henderson County Board of Commissioners to award the purchase contract for (1) Total Response Call Handling System to PowerPhone, for \$117.985 and authorize staff to proceed with the purchase using the sole source exception to bidding as allowed under N.C.G.S 143-129 (e)(6).

Public Records Disposal Request

Staff requested approval from the Board of Commissioners to destroy the records listed on the Public Disposal Requests and Destruction Log in accordance with the County's Record Retention Policy and the provisions of the North Carolina Department of Natural and Cultural Resources Records Retention and Disposition Schedule, a copy of said pages attached hereto, as the period of these records has expired.

Motion:

I move the Board approve the Public Records Disposal Request and Destruction Log as presented.

2022.139 Budget Amendment – American Rescue Plan

At the Board's May 2, 2022 meeting, the Board voted to include reimbursement of COVID-related medical expenses for the County's self-insured medical plan. The expenses at that time were estimated at \$500,000. The County has since received a status report of actual claims incurred between March 3, 2020, and June 30, 2022, and paid through September 30, 2022. The total cost is reported as \$559,822.

The Board was requested to approve a budget amendment to transfer funding from the COVID-19 Fund into the General Fund for the provision of these services.

Use of Courtroom - HCPS

A request was submitted by the Henderson County Public Schools for the use of the Commissioner's Meeting Room (Courtroom) on Wednesday, December 7, at 10:00 am. Newly Elected School Board members will be sworn in at that time.

Motion:

I move that the Board approve the use of the Commissioner's Meeting Room (Courtroom) as requested on Wednesday, December 7, 2022, at 10:00 am.

2022.140 Set Public Hearing to close a portion of Rogers Avenue Right of Way

Planning and Property Addressing staff received a petition to close an unopened portion of Rogers Avenue right-of-way. Under North Carolina General Statute (NCGS) 153A-241, counties have the power to close any public road or easement, not within a city, except public roads or easements for public roads under the control of the Department of Transportation. To close any road, the Board must:

- Vote to adopt a resolution declaring its intent to close the public road or easement.
- Call and notice a public hearing on closing the road or easement, with notice "reasonably calculated to give full and fair disclosure of the proposed closing to be published once a week for three successive weeks before the hearing, a copy of the resolution to be sent by registered or certified mail to each owner as shown on the county tax records of property adjoining the public road or easement who did not join in the request to have the road or easement closed, and a notice of the closing and public hearing to be prominently posted in at least two places along the road or easement."
- Hold the public hearing, where the Board must "hear all interested persons who appear with respect to whether the closing would be detrimental to the public interest or to any individual property rights."
- Then, if the Board "is satisfied that closing the public road or easement is not contrary to the public interest and (in the case of a road) that no individual owning property in the vicinity of the road or in the subdivision in which it is located would thereby be deprived of reasonable means of ingress and egress to his property, the Board may adopt an order closing the road or easement."

Motion:

I move that the Board approve the proposed resolution and set the public hearing for December 5, 2022, at 5:30 pm.

2022.141 Set Public Hearing to close a portion of Walton Drive Right of Way

Planning and Property Addressing received the attached petition to close unopened portion of Walton Drive right-of-way. Under North Carolina General Statute (NCGS) 153A-241, counties have the power to close any public road or easement, not within a city, except public roads or easements for public roads under the control of the Department of Transportation. To close any road, the Board must:

- Hold the public hearing, where the Board must "hear all interested persons who appear with respect to whether the closing would be detrimental to the public interest or to any individual property rights."
- Then, if the Board "is satisfied that closing the public road or easement is not contrary to the public interest and (in the case of a road) that no individual owning property in the vicinity of the road or in the subdivision in which it is located would thereby be deprived of reasonable means of ingress and egress to his property, the Board may adopt an order closing the road or easement."

Motion:

I move that the Board approve the proposed resolution and set the public hearing for December 5, 2022, at 5:30 pm.

ABC Permit Request -- Hunsader/Jeter Mountain Farms

Jared Hunsader and Jeter Mountain Farm LLC applied for an on-premise mixed beverage permit in connection with a new distillery operation. A request for comment has been made to the Sheriff's Office. This matter was placed on the agenda pursuant to Board policy.

In the absence of objections meeting the statutory criteria, the County's standard response is to provide a notice that it does not object to the permit to the North Carolina Alcoholic Beverage Control Commission.

Motion:

I move that the Board approve the standard County comment on the ABC permit application.

East Flat Rock Park Accessibility Grant Application

For the last six months, staff has been working with Friends of East Flat Rock and the community at large to develop improvements to East Flat Rock Park. Through these meetings, two priorities were developed. The first to create an accessible pathway from the upper parking lot to the bathrooms and playground. The second is to upgrade the playground equipment to be more accessible and inclusive, allowing children of all ages and abilities to play together.

Staff reviewed the current needs in all our parks and feel that the priorities that have been laid out for East Flat Rock Park would be a great fit for the Accessibility for Parks grant. Awards for the grant will be announced in the Spring of 2023. Once a contract is entered for an Accessibility Grant, the awardee has three years to complete the project and to fund the match. The Accessibility Grant is a one-to-five match, and it is one of the only grants available to fund recreational amenities at this level. The total project cost is budgeted at \$613,930 for both the pathways and playground improvements.

Motion:

I move that the Henderson County Board of Commissioners authorize staff to submit the Accessibility Grant for improvements as detailed for East Flat Rock Park.

Use of Commissioners' Meeting Room for Special Meeting of Zoning Board of Adjustment

The Zoning Board of Adjustment began a quasi-judicial hearing of a matter on October 26, 2022, but was unable to complete the hearing. Due to the number of parties to the hearing and the number of other spectators, the normal meeting room (100 North King Street) was inconvenient for the matter, and it is requested that they be able to use your normal meeting room for the completion of the hearing.

Motion:

I move that this Board permit the Board of Adjustment to use the Commissioners' meeting room for the special meeting of November 21, 2022, at 4:00 p.m.

Chairman Lapsley made the motion to go out of public hearing. All voted in favor, and the motion carried.

No action was necessary as this item will be on the agenda for adoption at the November 16, 2022, Board meeting.

DISCUSSION

Apple Ridge Development

Ashlynn McCoy, Director of the Housing Assistance Corporation, and Interim Executive Director Sean Rose provided the Board with an update and additional information on the Apple Ridge Development project.

Proposed Apartments

Proposed Single-Family Homes

HOUSING ASSISTANCE CORPORATION

This project will serve low-moderate income individuals and families at 80% AMI and below. There are 60 units proposed in the Multifamily apartment Structure with an offered rent range of \$329- \$1,033 per month. There are 20 proposed Single-Family Dwellings with an average purchase price of \$229,000.

Commissioner Hill stated for clarity that any funds the City or County contributes to this project will directly benefit future buyers by lowering the purchase price of the homes.

Vice-Chair McCall stated that there are 1.5M unused restricted ARP-eligible funds that were initially allocated to Pardee Hospital and Advent Health for Infusion Programs that could be reallocated to use for this project. This project meets three requirements for using restricted funds: an affordable housing project, a water and sewer infrastructure project, and the property is located in a qualified census tract.

Vice-Chair McCall made the motion to allocate up to 1.5M of restricted ARP-eligible funds to water and sewer improvements at the Apple Ridge Development Project. All voted in favor, and the motion carried.

Wall of Honor

Bob Johnsen presented the slides below to the Board for their consideration of the creation of a "Wall of Honor." The Wall of Honor was described as "a program to honor all Henderson County veterans by having their military awards on permanent display in the VFW building at Five-Points."

This idea was inspired by a wall of honor at the Virginia Military institute.

VFW's Vision

Ensure that veterans are **respected** for their service, always receive their earned entitlements, and are **recognized** for the sacrifices they and their loved ones have made on behalf of this great country.

It was the consensus of the Board to support the creation of a Wall of Honor at the VFW Building.

Opioid Settlement RFQ Responses

Henderson County, in partnership with Hope Coalition, successfully received a grant for \$300,000 from the Dogwood Health Trust to assist in the establishment and planning of programs related to the opioid settlement funds. At the direction of the Board, Henderson County sought proposals from qualified individuals and organizations to facilitate a strategic planning process as it relates to community interventions for substance abuse. The Request for Proposals (RFP) was issued on October 12, 2022.

The selected firm will provide a strategic plan that presents a clear planning process and approach, relevant data and analysis of trends, identification of opportunities and strategies, a process to prioritize and focus County programs and services, and an implementation plan with performance measures that track progress on achieving the goals of the plan.

A staff committee evaluated the responses and recommended that the Board select REAL Academy as the firm to accomplish the strategic planning process related to community interventions.

Additionally, one of the top priorities identified by the Substance Use Task Force was the establishment of criminal justice diversion programs. Staff requested that the Board authorize the County to contract with the Hope Coalition to assist in the establishment of these programs.
