The Notification of Vacancies was provided for the Board's information. They will appear on the next agenda under "Nominations."

1. Fire and Rescue Advisory Committee- 1 vac. Position #7 - Committee Nominee

2. Mountain Area Workforce Development Board – 1 vac. Position #1 – Chamber of Commerce Nominee

2024.066 Juvenile Crime Prevention Council County Plan FY2024-2025

The Henderson County Juvenile Crime Prevention Council (JCPC) approved funding for local juvenile crime prevention programs. The State of North Carolina made \$266,020 available for this purpose in Fiscal Year 2024-2025. Each Program is required to provide a 30% match.

The programs approved by the JCPC were as follows:

1. JCPC Administrative Expenses	\$ 5,400
2. Aspire – Kids at Work	\$68,401
3. Aspire – Vocational Direction	\$93,753
4. Hendersonville Boys & Girls Club	\$39,600
5. Hope Rising	\$58,866

Total \$266,020

These Grant applications were recommended for approval to the Board of Commissioners by Henderson County JCPC.

The Henderson County JCPC approved the 2024-2025 County Plan for Henderson County. This County Plan was recommended for approval to the Board of Commissioners by the JCPC.

Motion:

I move that the Board approve the JCPC recommendations for the FY24-25 Annual Plan and the distribution of the FY24-25 Juvenile Crime Prevention Program funds.

2024.067 Memorandum of Agreement 2023 - NCSU

The State of North Carolina partners with Henderson County to provide services to the agricultural community through the NC Cooperative Extension. This partnership is outlined in the Memorandum of Agreement (MOA) between Henderson County and the State. The State has submitted changes to the MOA through an addendum and language modification to the MOA. Most of the changes submitted are ones that address the functions of the State to manage the NC Cooperative Extension as state employees and clarify the salary agreement between the County and State. A summary of the changes was provided to the Board for review.

Motion:

I move to approve the MOA and relevant addendums with the State of North Carolina for the NC Cooperative Extension.

2024.068 Resolution Appointing Plat Review Officers

N.C. Gen. Stat. §47-30.2 requires that all persons appointed as plat review officers be appointed by a resolution recorded in the Register of Deeds office. "Plat review officers" ensure that all plats to be recorded comply with the plat requirements set out in the General Statutes.

This Board first adopted a plat review officer resolution on September 17, 1997, and has been revised several times since then. This resolution also sets out certain other procedures that all plat review officers must follow.

Due to staff changes, the Board needed to update the list of persons appointed as plat review officers. A proposed resolution was prepared and was provided for the Board's consideration. The proposed resolution restates all persons currently appointed as plat review officers, removes any

former county employees, and appoints new employees from the Planning Department and/or Land Records.

Motion:

I move that the Board adopt the resolution for plat review officers for Henderson County.

DEQ Water Resources Development Grant Award

The Henderson Soil and Water Conservation District requested the Board approve the Water Resources Development Grant awarded to the department for FernLeaf Charter School, Creek Campus – Cane Creek Restoration Project. The project will include stream bank stabilization, the establishment of a riparian buffer and native vegetation, and the creation of an educational access point/outdoor learning lab. The school has also received a CCAP grant from the Division of Soil and Water in the amount of \$40,000 toward this project. The amount awarded in May 2024 to the department for this project is in the table below:

NC Department of Environmental Quality, Division of Water	\$66,000
Resources: Water Resources Development Grant	

Motion:

I move the Board of Commissioners approve the Water Resources Development Grant for the stream restoration project at the FernLeaf Charter School – Creek Campus.

2024 Community Waste Reduction and Recycling Grant

Staff requested the Board approve the 2024 Community Waste Reduction and Recycling Grant in the amount of \$50,000. The purpose of the grant funds was for the expansion of the Henderson County Household Hazardous Waste Program. The grant also requires a match of \$15,500, which was included in the Solid Waste budget. Grant funds will be expended in FY2025.

Motion:

I move the Board approve the 2024 Community Waste Reduction and Recycling Grant and authorize Staff to execute the Contract.

2024.069 Budget Amendment – Fire Workers Compensation Expense

The Board was requested to approve a Budget Amendment transferring \$250,000 from the Fire Services Budget into the Capital Reserve Fund. The appropriation within the FY24 budget was for Worker's Compensation Insurance the County pays for the volunteer fire departments. Staff had been informed that this cost would be covered by the State for the upcoming fiscal year. Staff requested the transfer to allow these funds to still be used for the benefit of the fire departments.

Motion:

I move the Board approve the Budget Amendment as presented.

Commissioner Lapsley made the motion to approve the agenda with the revision discussed. All voted in favor, and the motion carried.

PUBLIC HEARINGS

Vice-Chair McCall made the motion to go into the public hearing. All voted in favor, and the motion carried.

2024.070 Public Hearing FY2024-2025 Budget

The Board was requested to hold the Public Hearing on the FY 2024-2025 Budget at this meeting. Following the public hearing, the Board was requested to continue discussions with regard to the FY 2024-2025 Budget.

Public Input

1. Katy Gash urged the Board to fully fund HCPS Budget Appropriation request.

Vice-Chair McCall made the motion to go out of the public hearing. All voted in favor, and the motion carried.

2024.071 Public Hearing for Consideration of Economic Development Incentives for Project Score

Chairman McCall made the motion to go into the public hearing. All voted in favor, and the motion carried.

Notice was given of a public hearing on the possibility of economic investment incentives for Project Score Company. The project and proposed incentives were stated in the notice for this hearing.

Economic Development President Brittany Brady provided information about "Project Score" and the requested incentives. Project Score was an existing industry in Henderson County that was competing for new investments to remain competitive in its market sector. The company provides components that impact the food & beverage, aerospace, and automotive sectors. The investments would improve the quality of life, safety, and production elements across their site. If selected to expand in Henderson County, the company would retain its 114 employees and be in a position for future growth opportunities. The project would invest 4.5 million in personal property in 2025.

If approved, the county would provide the incentive over five years for a total of \$38,097.32, with the first year being \$9,697.50.

Public Input: There was none.

Commissioner Hill clarified that this incentive would be for retaining an existing industry in the county.

Commissioner Lapsley made the motion to go out of the public hearing. All voted in favor, and the motion carried.

Commissioner Andreotta made the motion that the Board grant the economic incentives as stated in the notice of this hearing. All voted in favor, and the motion carried.

DISCUSSION

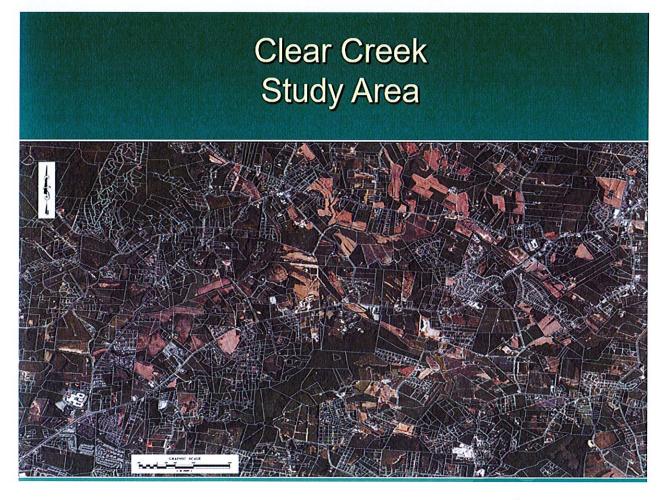

Clear Creek Sewer Project Update

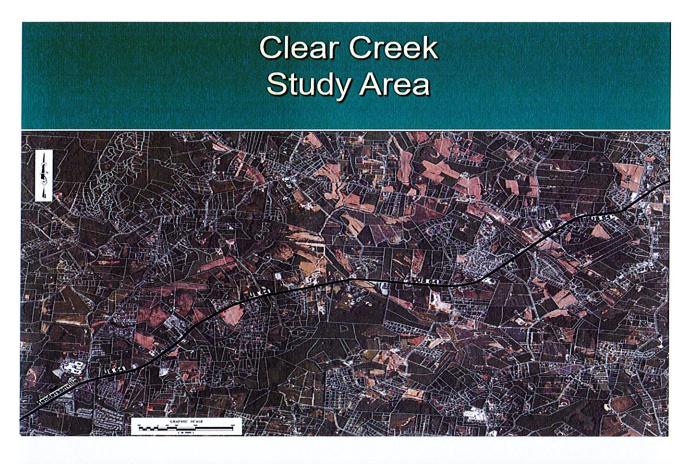

With the Board's approval of the design and permitting agreement with WGLA Engineering during the December 4, 2023, meeting and the approval of the discharge permit for the treatment plant last month, Will Buie from WGLA Engineering presented an update on the project, including cost estimates and available scope options, for the Board's consideration.

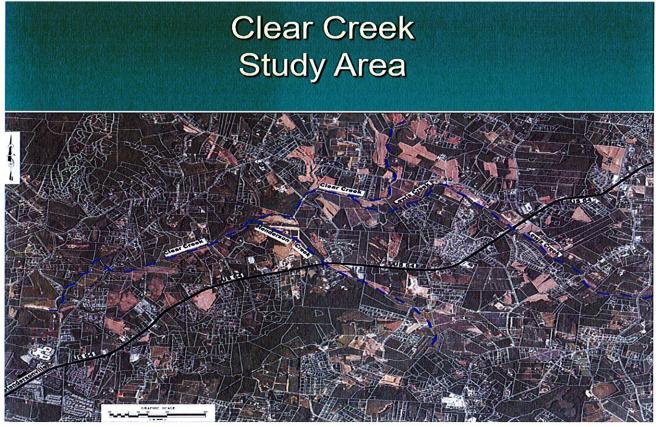

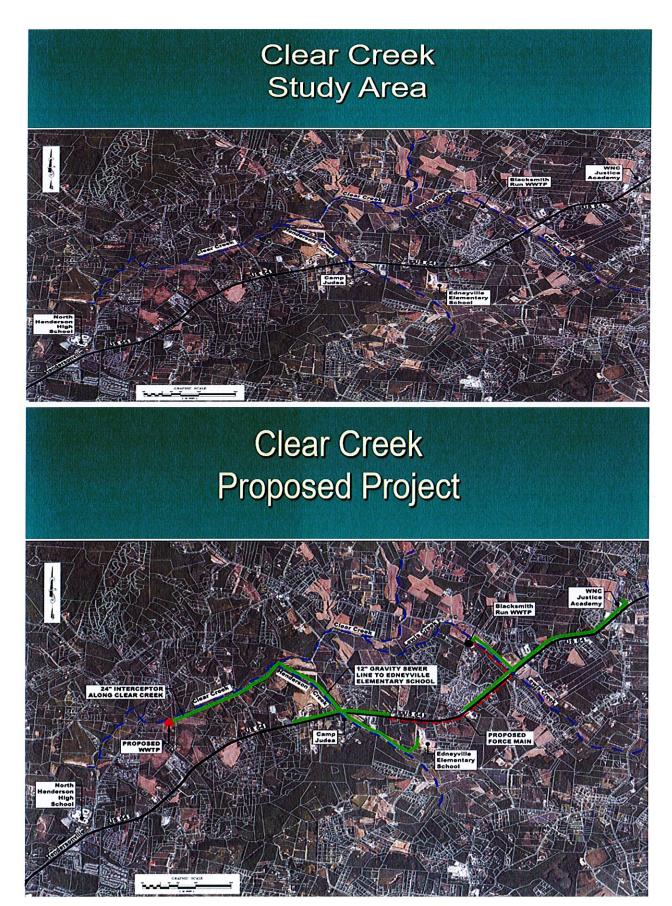

Clear Creek Project History

- County has been considering sewer service in the Edneyville community prior to the construction of the new Edneyville Elementary School.
- County completed Preliminary Engineering Report with KCI in July 2021.
- Report identified numerous options for providing sewer service to the area ranging in cost from \$2 million (Edneyville Elementary School only) - \$60 million +/-.
- ♦ State budget has allocated \$12.7 million in funding for the project. County has allocated \$9.3 million in ARPA funds for the project. Finally, the County reserved \$2 million in funding from the Edneyville Elementary project for sewer service and the Justice Academy has a reserve of \$0.73 million.
- In May 2024 NCDEQ issued a discharge permit a new wastewater treatment plant on Clear Creek.

Mr. Buie noted that the red dot in the previous slide was the proposed location of the Wastewater Plant Discharge. The green lines represent gravity sewer lines. Access to all adjacent to those lines. The red line along the road included a pump station that would pump from Blacksmith Run's Wastewater Treatment Plant back to the collection system for treatment at the new Wastewater Facility. Mr. Buie offered the following points about the cost.

- When this was first looked at, the option the Board looked at was estimated at approximately twenty million dollars in the KCI Study
- In 2022, those costs were benchmarked against current bid costs, and the \$20m estimate was agreed to be pretty accurate.
- During the process with the State, the EAA (Engineering Alternative Analysis), the various costs of the alternatives considered for wastewater treatment disposal had to be justified. While examining those costs, they observed that wastewater treatment plant costs began to grow.
- WGLA was approved to begin design in January, and since then, they have worked diligently and obtained additional information. Today, Mr. Buie believes the project will be a \$32m.

Commissioner Lapsley noted that the two years it took the state to issue the discharge permit, coupled with nationwide inflation, increased the estimated cost for this project by almost 30%. He believed the project was in jeopardy because the county had budgeted \$24m.

Mr. Buie reviewed components that had added to the costs.

- An influent pump station had to be added at the wastewater treatment plant at a cost of over \$1m.
- The state added certain stipulations and additional conditions to the permit they issued, which added roughly a million dollars
- The most significant cost was the increased cost of the collection system

Mr. Buie clarified that the costs were estimates and not bid numbers. However, he felt it was in the county's best interest to present his best cost estimates. He said there was a \$7.27 million gap in funding from the current scope to the estimated cost. He explained options to consider, such as delaying or eliminating some of the sewer collection line along HWY 64. Those could also become options to bid.

Clear Creek Estimated Costs

- 2021 Estimated Costs \$20 Million
- 2022 PER Estimate \$20.2 Million
- 2023 EAA Estimate \$22.5 Million
- Current Estimate \$32 Million*

Possible Cost Reductions:

- -Eliminate/delay sewer collection along US 64 \$2.7 Million +/-
- -Replace gravity line to Justice Academy with pump station and force main - \$1.0 Million +/-

Current estimate includes required permit changes from NCDEQ and updates collection system costs from 2021.

Clear Creek Estimated Costs

- WWTP & Influent Pump Station \$10,566,000 +/-
- ◆ 24" Gravity Interceptor \$4,000,000 +/- (6,600 LF +/-)
- Smaller Diameter Sewer (8" & 12") Cost -\$2,000,000/mile +/-

Next Steps

- Preliminary design is being completed now and moving into final design.
- Easement acquisition and permitting will take place 3rd Quarter 2024 – 1st Quarter 2025.
- Bidding and contractor selection will take place over 1st Quarter and 2nd Quarter 2025.
- Construction scheduled for mid 2025 end of 2026.

Commissioner Lapsley said this had been a favored project of his for the last several years, and he has worked very hard with community members to try and make it happen. Initially, he was

optimistic, but after three years of frustration with the state government getting a permit for the treatment plant to serve the project, he found that the project cost had increased to an estimated 32 million dollars. He said one of the key reasons that this project was considered was because of the Board's actions in getting the appropriation from the legislature and using appropriations from the Federal Government. Those were all grant funds, "No county taxpayer general funds, none of your local county taxes, not one dime, is going into this project. It's all grant funding." Due to the time crunch the county was now in, he said the Board must decide within thirty days if they can raise 7.27 million dollars, cut expenses from the project, or a combination of the two.

Commissioner Lapsley asked Mr. Buie to consider eliminating portions of the green lines and putting a pump station at Camp Judaea.

Commissioner Hill requested that Staff examine financial options that could be added to the sewer's operational costs so that the users could pay the extra borrowing costs over time while keeping those rates as low as possible.

Commissioner Andreotta agreed with what his colleagues had stated. He said citizens look to the Board for the Board to bring projects like this to fruition. He was pleased that the public was now hearing some roadblocks preventing projects from moving forward. He said the county "enjoys its great bond rating and with other debts services rolling off over the next couple of years or more. Let's look at that. He would like to see this project, as you are seeing it, salvaged and be able to, maybe in the future, it could be expanded and built upon." He said the Board had done all they could at this point, and he would hate for the project not to move forward.

Chairman McCall challenged Mr. Buie to provide an option to provide as much service as possible along Hwy 64. Aside from Edneyville Elementary, the businesses along 64 really pushed this project. An option to keep those businesses serviced as well as the Justice Academy and Camp Judaea, because those systems will fail eventually. She said Blacksmith Run was a relatively new system, so she did not find that as necessary right now. She wanted to keep 64 alive.

Mr. Buie summarized the direction received from the Board.

- Chairman McCall's priority was service along Highway 64.
- Commissioner Hill and Commissioner Andreotta wanted to examine how borrowing those funds would impact operational and user costs.
- Commissioner Lapsley wanted to look at the idea of a pump station at Camp Judaea, which would eliminate the gravity lines along Henderson and Clear Creek and possibly keep the treatment plant smaller. This resembles Mrs. McCall's idea of eliminating the gravity lines along Henderson and Clear Creek.

Mr. Buie said he would begin studying those options and several other options related to phasing. In closing, Mr. Buie said he expects to present the Board with options at their July meeting.

FY 2024 – 2025 Budget Ordinance

The Board was requested to continue discussions with regard to the FY 2024-2025 Budget.

County Manager John Mitchell presented the following.

FY 2025 BUDGET PROCESS

- ✓ May 6, 2024 Regularly Scheduled Meeting
 - County Manager's Recommended Budget Presented to the Board of Commissioners
 - Schedule the Public Hearing for Monday, June 3, 2024
- ✓ Advertise the Presentation and Publication of the Recommended Budget and June 3rd Public Hearing
 - The Budget Publication, Workshop, and Public Hearing will be advertised in the Hendersonville Lightning on May 8°
- May 15, 2024 Regularly Scheduled Meeting
 - FY25 Budget Workshop
- ✓ June 3, 2024 Regularly Scheduled Meeting
 - FY25 Budget Public Hearing
 - FY25 Budget Adoption

FY25 BUDGET DISCUSSIONS

Henderson County Public Schools

- · Funding amount consistent with FY24
- Unfunded amount of \$4,890,990

Blue Ridge Community College

- Unfunded Operational = \$1,994,318
 - Operating Expenses = \$1,044,546
 - Maintenance in lieu of a new facilities building = \$949,772
- Unfunded MRTS Capital = \$96,123

Solid Waste

Solid Waste is \$325,682 out of balance, primarily due to mandated post-closure costs

Assistant County Manager Amy Brantley referred to the tally sheet shown (next page) and noted that the proposed budget on May 6 was \$202m, with approximately \$20.7m appropriated in Fund Balance. The Board went through requests from non-profits, and money was added to the proposed budget for the Boys and Girls Club, Interfaith Assistance Ministry, and several other things. The Board also added an Animal Enforcement Investigator for the Sheriff's Department. She said the Board's decision on the JCAR project reduced the proposed debt service, which would be an interest-only payment next year. The budget staff had planned a flat debt service amount. While the interest went down, they proposed that the Board put the \$163,312 (shown on line 12) into the Capital Reserve Fund to help smooth the debt service on that very large (JCAR) project.

Brantley said that since the May 15 Budget Workshop, some other discussions and events had taken place.

- The Tax Administrator provided Staff with a new valuation number that increased the Ad Valorem Revenue by \$197,296
- The Board added \$250,000 for the SRO reimbursement to the City of Hendersonville.
- Budget staff met with Cooperative Extension, who are state employees. The county reimburses a portion of their salaries, so Staff recommended the addition of \$8,128.
- The final allocation of \$19,209 in HCCBG funding was received. This was a pass-through grant, so the addition of revenue and expenditure was shown.

As of yesterday, Ms. Brantley said the proposed budget is \$202,982,282, with a Fund Balance appropriation of \$21.3M.

Commissioner Lapsley said the appropriation from the General Fund to Solid Waste needed to be included. He also supported two changes regarding \$61,000 in PILT money. In previous years, \$20,000 has been appropriated to Mills River Fire and Rescue because their fire district includes a significant amount of Pisgah Forest National Park property. He proposed \$10,000 of the PILT money to be appropriated to the Gerton Fire Department.

(Commissioner Andreotta's comments are verbatim per his request.)

Commissioner Andreotta's comments were as follows:

"So, we do spend a lot of time on the budget, and sometimes various ones of us have a lot of questions for the department heads. We get the sheriff, we get the school system, we get the college, we get EMS. It is drilled down very finitely. Someone mentioned inflation a bit ago. You know whose revenue is way up? Dollar General. But, initially that was because when inflation was first hitting, people went there instead of Ingles or Walmart to buy whatever they sold that was cheaper than the other stores. That has changed. Their floor traffic is way up. But the products that are being bought has shifted. It's shifted to consumables. What you might consider more daily necessary items, whatever food and beverage items they sell. Baby items, things like that. That's an interesting economic indicator to me. If things keep going up, people don't have a whole lot of options beyond that to get the things they need and still save money. And I think one of the most sacred things we do is, with heavy conviction and great attention to detail, steward every dollar; every digit on that screen comes from one place. We tax it out of homes in Henderson County. It's money you can't put in your children's education fund. It's money you can't put in your retirement fund. It's money you can't spend anywhere else in your life. It's money we taxed away from our citizens. It's that simple. We get a lot. I mean a long list of grant requests every year. They submit some pretty detailed information. And, if you want to know what I do in my free time, I read it all. And I want to cover this in case, my friends who are here, many connected to the Flat Rock Playhouse, they might still like to have an evening. So here's the thing about the nonprofit organizations. Let's remember that non-profit is not an operational status; it is a tax status. Typically, when we use the term nonprofit, we mean and/or people define it as an organization that does benevolent good in the community. And most of them are that, to be fair. But non-profit is simply you can legally organize and file paperwork with the feds etc, and you get a tax pass. You don't pay taxes. But believe me, you can generate, and many do, a lot of revenue. Or you couldn't; you wouldn't exist. You have to generate revenue, and you have to, air quote, profit to stay afloat or you wouldn't be there. And listen, as an advisor, if I were talking to someone, they said, you know, I found out we could organize as a nonprofit. I would say well, go do it. What are you waiting on? You are going to save a lot of money. I mentioned this a couple of meetings back. When we read the purpose statements, the activities, things like that of many of these organizations, there is a good bit of overlap. We have several that state independent of each other, much the same goal of service. And listen, they all do very needed, noble work. We know that. And to be fair, they have a right to organize and pay structure however they see fit. If they own property, they don't get a tax bill. If you do a little research, an organization by the name of Charity Watch says that 75% of every dollar that comes into a nonprofit organization should make its way to the recipient. Whomever you're serving. Charities Review Council says that no less than 65%. So that means 25 to 35% of what that organization takes in should be taken up with salaries, administration, fundraising, whatever their expenses are. Well, I have had some concerns when I started reading some of the applications and reports of organizations that apply for some of your money. One in particular shows a revenue of \$5m a year. 84% going to salaries. This is in Henderson County. Another \$13m a year, with 88% going to salaries. Another one is \$3.1m, with 71% going to salaries. Now, maybe I am not the politically expedient kind. But I am too convicted; I don't give that a rubber stamp and let it pass. I don't. To me, when we give out taxpayer money, that recipient, whoever it is, becomes somewhat of a quasi-county department. So, it's a an organization that we're partially funding with your money, probably most of the time we're contributing to supporting the payment of their staff. Some of them, admittedly, and you can look

at their financials, operate in the red. I think we're the Band-Aid for some of them. Now, keep in mind, if we allocate money out like that, the taxpayer from whom we tax away money does not get a benefit on their taxes as a contribution to that organization. You know how you go to a store, grocery store, drug store, whatever it might be, and they ask you if you'd like to give to a cause. Well, there's nothing wrong with that; you can do that, but at the end of the year, if that's a multistate chain, how much money do they collect and write a check for? And guess whose taxes it came off of? Didn't cost them a penny. I've received emails from citizens that said, hey, I know you guys give XYZ money; I'm not really in agreement with them for whatever reason. And they want a say in where their money goes. Which they should have as much as possible. Some might argue that we have leftover money and we're picking winners and losers. That could happen. We do thorough audits. We typically pick three a year; sometimes, it's those who are receiving the most, or we're going down the list, and we audit these organizations. This county submits to an entire county audit every year. The hospital submits to an audit. We audit all of our departments. and that's put out in front of the public, as it should be. This Board does not have a set policy, which has kind of bothered me in the past of how much and how we arrive at what, if any, grants we give out. There's no such thing as a government grant or a county grant; it's a taxpayer grant. We don't have a set policy. And often, the results are very difficult to track, right? I mean it's a lot of it is kind of like seed that is that is thrown out. It's hard to track what is happening. I think a good bar for us is to partner with organizations that are very efficiently run with the essential services. There are times that we as a county can partner with an outside organization to meet an essential service more efficiently than if we do it in-house; foster care is one of those. Often, I'm going to say 80% of the time, I don't see our municipalities on these financials contributing to these organizations. Also, I think to myself, what if I were advising these people across the table from me as to whether or not they should put their money here? There are a lot of people who make financial decisions based on what I tell them. Now, I believe there is somewhat of a cut out here, and that's where my friends from the Flat Rock Playhouse come in. For example, in 2023, their numbers of a \$4.2m revenue-generating enterprise that is able to file as a nonprofit because of your connection to the theater school, Vagabond School of Theater, if I said that right. Nothing wrong with that. They own \$2.6m in real estate, which they do not get a tax bill on. Their property taxes per year would be \$11,263, and their fire tax, because they're in a Volunteer Fire district, would be \$3,380. So that's. \$14,643. 64% of their revenue goes to salaries. Many of those incomes in some of these organizations are way far and above what the young lady spoke earlier about the county workforce average, sometimes 2 ½ times. Again, they have a right to form and function how they wish, but everything changes for me when you want taxpayer dollars; that's the key; that's where it all changes. I believe in this instance, and we got pegged, I think a couple of us, a couple of years ago. I'm going to buy the folks at the Hendersonville Lightning a dictionary and I'm going to highlight the word defund and I'm going to highlight the word subsidized so they can read the two definitions because they're different. I view this as a subsidy to a revenue-generating enterprise. We're not helping organizations stay afloat for a necessary service. All of this has skyrocketed in urgency, in my mind since - not with my vote, we put the citizens of this county \$150 million in new debt. Which is going to equate to when it's all borrowed out and spent to about \$15 million a year payment. That's \$15 million a year that's not going to go anywhere else. So, I think between now and our next meeting in June. I would encourage us to look at those things carefully. Because you entrust me, not necessarily always by your preference; you entrust me with a lot of your money. We taxed it away from you and you deserve no less than attention to detail and careful management of it. If we leave more money in citizens' pockets. Guess what? That's more they have to give to any organization they want to support. So, I would encourage us to look closely at those things. I think that some of these organizations maybe should look at condensing

and becoming one and having more effectiveness because then you're cutting 1/2 or 1/3 of the salaries you're paying to the positions that are duplicated. That's the kind of fiduciary responsibility I take on a daily basis with your money. Whatever the topic. If it's the sheriff, if it's the jail, if it's the schools, whatever it might be. And I'm too convicted to pretend otherwise. I certainly support what we've talked about thus far. Let's look at that carefully. And if nothing else, the citizens have a right to know where their money goes and why because part of that money is mine. That's where I'm coming from."

Commissioner Hill said he agreed with Commissioner Lapsley about the Solid Waste fund and the PILT money going to the Mills River and Gerton fire departments. He believed the non-profits that receive funds from the county should provide a yearly report to the Board outlining how those funds were spent.

Mr. Hill stated that a tenth of a cent was \$244,000. He proposed that the Board could take two or three tenths of the tax rate to return some unused funds to the taxpayers. He asked fellow Board members to consider the proposal.

Chairman McCall said the Recreation Department had requested a position for a custodian at the VFW Building. She said the building needs to be cared for, and the county has spent \$4-5m on renovations. Mrs. McCall would like the Board to consider providing the same amount, \$7,500, allocated to Pisgah Legal in last year's budget, stipulating that those funds may only be used for their work at Safelight or for the elderly.

Mrs. McCall said she would like to examine the \$290,000 for outsourcing county EMS billing to a company in Lewisville, NC. She directed staff to provide justification that this was a valid expense and compare it to why this function was not done in-house.

Mrs. McCall clarified that 55% of Ad Valorem taxes and 35% of the County's budget are allocated to Henderson County Public Schools. She said there was a list that the school system had asked to add on top of their regular budget request, including five social workers that had been added during COVID using COVID funds. Those additional social service workers were added during a critical time when there was a need for students, bringing the total number of social workers in HCPS to fourteen. Mrs. McCall said there were current openings at Social Services, and those five positions could easily move from HCPS to the DSS and still service the schools. If that were to occur, those positions could possibly be funded by the state because DSS workers' salaries are partially statefunded by 50-66%. She said certain items on the extra list of needs were state-required and questioned why they would have been on the list of extra items and not already included in the standard budget request. Mrs. McCall agreed that the 1.5%, \$1.5m, increase for the teacher's supplement was needed only because the state of NC was not providing enough pay to our teachers. Mrs. McCall said the Board of Education was tasked with using 35% of the county's budget allotted to the HCPS to meet their needs. She challenged the school board to take the money allocated to them, prioritize, and make the things happen that need to happen. She said she would be willing to recommend the \$1.5m to their budget if the funds were available. It was mentioned that the Board could consider taking funds from the County's 12% fund balance.

John Mitchell recommended that budget staff work with the list of additions and determine

whether there are options to acquire additional funds with expenditure deductions that were currently included in the budget.

Chairman McCall said the Board expects to vote on the budget at their next meeting.

Commissioner Andreotta informed the audience that Assistant County Manager Amy Brantley would retire at the end of this month, and this would be the last budget of the twenty-five that she has helped prepare for Henderson County.

Broadband Taskforce

The Broadband Taskforce has reviewed the program guidance for the North Carolina Department of Information Technology (NCDIT) broadband funding program, Completing Access to Broadband (CAB), to understand the next steps for Henderson County's participation. NCDIT has prepared a draft Scope of Work for the County and needs confirmation of a desire to identify Priority Areas and to map where those priority areas shall be. The Broadband Taskforce has considered the need and impact of the investment to make a recommendation for where Priority Areas should be. Datasets considered in the decision include 2022 ACS data for household income, density of school-age children, and density of older adults, as well as emergency services data such as drive time to EMS stations and cell service coverage. The Taskforce determined that as every resident in our County deserves access to reliable internet, every eligible Broadband Serviceable Location (BSLs) – of which there are over 5,200—should be included in the Priority Areas. The Taskforce recommends splitting the county in two, approximately along Hwy 25. The east side of the county is recommended to be the first priority given its higher concentration of low-income households and school-age children, with the west side recommended as the second priority.

The next steps are for Staff to submit priority area identification materials to NCDIT to complete the Scope of Work. Once the draft has been approved by both the County and NCDIT, the Scope of Work may be posted for responses from pre-approved internet service providers.

CAB Scope of Work

Priority Areas Recommendations from the Broadband Taskforce

Participating in CAB

1. Submit a County Commitment Form

- · BOC voted to commit \$2.5 Million in ARPA funds
- Total Project Amount is \$7,142,857

2. Develop a Scope of Work with NCDIT

- · Determine Priority Areas
- · Affirm NCDIT draft document

3. Post Scope of Work to get Proposals from Pre-Approved Providers

4. Create Agreement

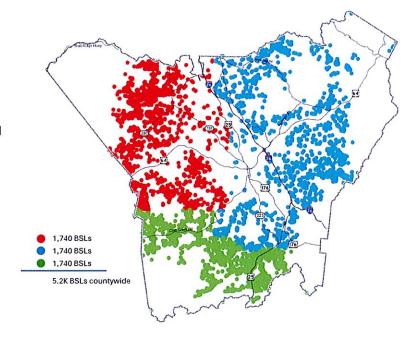

Planner Lee Stevens said Staff was working with NCDIT to create the scope of work. She said there was an option to include priority areas in the scope of work and asked for direction as to where those areas would be. Once the scope of work is posted, proposals will be received from pre-approved providers who have already been processed by the state. Once the evaluation committee reviews those proposals, the selected providers will agree with the state and be reimbursed based on reaching pre-approved, agreed-upon milestones throughout the process.

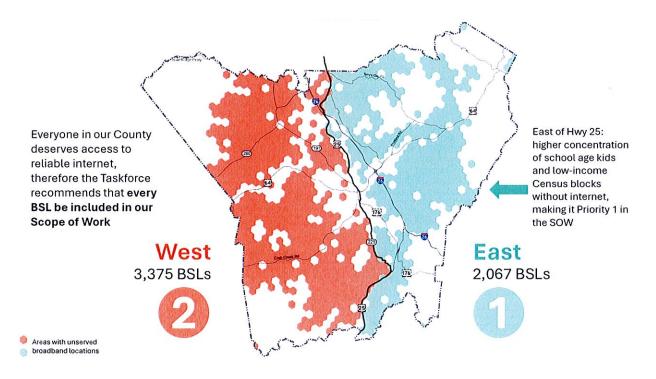

How Far Could \$7Million go?

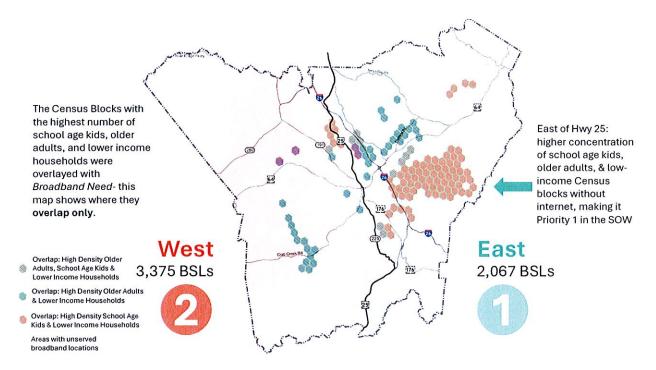

Staff **estimate** that the committed funds could reach a potential **1,600 – 1,750** locations.

That's approximately 1/3 of the unserved locations in the County.

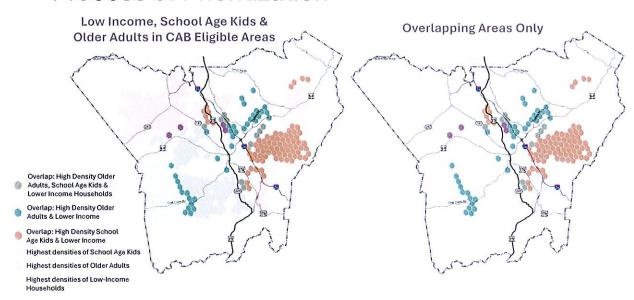

This map shows **all** CAB-eligible locations split into equal thirds to illustrate how those locations are distributed, and the impact the project could make.

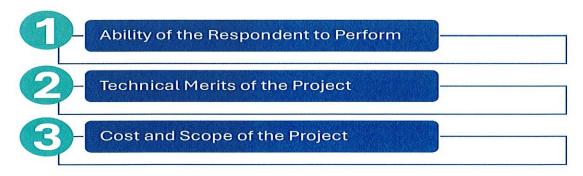

Process of Prioritization

Evaluation Criteria

Commissioner Hill said that based on the evaluation criteria used, the East side of the county was identified as the priority area, but the West side was also included.

Commissioner Andreotta said that as the information unfolded, the team looked for a nexus between lower-income households and households with school-aged children, two important criteria to serve.

Commissioner Lapsley asked for the schedule to complete some of these projects. Chris Todd said the next steps were for staff to work with NCDIT to develop the scope of work to be put out on the street and get responses back. Once those are under contract, the contractors have two years to complete the project. He expected responses to be received in approximately sixty days. He estimated 2-1/2 years to completion.

Commissioner Hill made the motion to direct staff to use the Broadband Taskforce's recommended Priority Areas to complete the Scope of Work with NCDIT. All voted in favor, and the motion carried

NOMINATIONS AND APPOINTMENTS

1. Environmental Advisory Committee – 4 vacs.

Commissioner Andreotta made the motion to nominate Nancy Diaz for reappointment to seat #2. All voted in favor, and the motion carried.

Chairman McCall asked Marcus Jones to speak with the Environmental Advisory Committee members and bring back recommendations for appointment to the Board before the next meeting.

2. Henderson County Board of Equalization and Review – 1 vac.

There were no nominations, and this item was carried to the next meeting.

3. Henderson County Courthouse Corporation dba/Heritage Museum – 3 vacs.

Commissioner Lapsley made the motion to nominate Carolyn Justus for reappointment to seat #4, Robert Justus to seat #5, and Nancy Edwards to seat #6. All voted in favor, and the motion carried.

4. Henderson County Rail Trail Advisory Committee – 3 vacs.

Commissioner Hill made the motion to nominate Mike Egan for reappointment to seat #3 and Richard Shelton to seat #9. All voted in favor, and the motion carried.

5. Historic Resources Commission – 3 vacs.

COMMISSIONER UPDATES

Commissioner Lapsley and Commissioner Hill had no updates to share.

Commissioner Andreotta "congratulated students and all our educators and faculty on another school year successfully completed. That means that the 90% of us who live our lives on a schedule may breathe a sigh of relief that there are no more yellow buses on the road. Please be careful; more kids will be out riding bikes, playing, and walking with families, so still leave that time and be safe. Everybody have a wonderful safe summer."

Chairman McCall shared that she and Commissioner Lapsley had attended a TAC meeting earlier in the day, and some project prioritization had been done. She said some of the projects already scheduled to be funded when funding becomes available were voted on probably fifteen years ago. So, the projects that were submitted for consideration today probably would not be completed for fifteen to twenty years.

Mrs. McCall said a Farmland Preservation Taskforce meeting was held last week, and the next meeting is scheduled for June 10.

COUNTY MANAGER'S REPORT

John Mitchell thanked Recreation Department staff for helping organize the event held on the courthouse square with NASCAR drivers Jimmy Johnson and Erik Jones.

Mr. Mitchell noted that tonight's meeting would be the last evening meeting for Ms. Brantley and DSS Director Jerrie McFalls before their respective retirements in the coming months.

Mrs. McFalls had been an employee of the county for over forty-four years. He thanked them both for their years of dedicated service.

Mr. Mitchell shared that he and Chairman McCall were headed to Raleigh next week to meet with legislators for NC Advocacy Day for the County Commissioners Association.

Commissioner Lapsley made the motion to go into closed session pursuant to N.C. Gen. Stat. §143-318.11(a)(5)(6). All voted in favor, and the motion carried.

CLOSED SESSION

Chairman McCall made the motion to go out of closed session and adjourn the meeting at 8:48 p.m. All voted in favor, and the motion carried.

NC STATE EXTENSION

Memorandum of Agreement

Between
The Board of County Commissioners
Henderson County
And
North Carolina State University

Preamble

North Carolina State Extension (NC State Extension) was established as a part of the College of Agriculture and Life Sciences of North Carolina State University (NCSU) by federal and state legislation for the specific purpose of "extending" the educational services of the University to the people of the state, on subjects related to agriculture and natural resources, family and consumer sciences, 4-H youth development, and community and rural development. The laws creating the Cooperative Extension Service were specifically designed to assure that the findings of research in these areas are communicated to the people of the State.

Under the Federal Appropriations Act of 1972, funds were provided to the 1862 land-grant universities (including NCSU) to enhance the extension outreach of the 1890 universities, which included North Carolina A & T State University (NCA&T). The Food and Agriculture Act of 1977 further stipulated that these funds be appropriated directly to the 1890 institutions, and formalized the North Carolina Cooperative Extension Program as an official part of the School of Agriculture and Environmental Sciences at NCA&T.

North Carolina Cooperative Extension (Cooperative Extension) provides the opportunity for North Carolina State Extension and North Carolina A & T Extension to work together to better serve the people of the State through the delivery of locally relevant programs, education and expertise.

The legislation further provided for a cooperative relationship among three levels of government – federal, state, and county – to ensure that the needs of all three levels are addressed. The primary purpose of Cooperative Extension is to provide the people of North Carolina with the most current and relevant unbiased research-based information – particularly that which is related to strengthening the economy through profitable, sustainable and safe food, forest and green industry systems; protecting the environment and natural resources; and empowering youth and families to lead healthier lives and become community leaders. These purposes are furthered by Cooperative Extension employees who are charged with carrying out the extension education programs of the universities and the U.S. Department of Agriculture.

Cooperative Extension has sufficient flexibility to permit attention to the special problems, needs, and interests of the citizens and leadership in each county. Therefore, the programmatic, personnel, and funding complement reflects the unique needs of each county. County Advisory Councils are consulted on a regular basis to assist in prioritizing the county educational program content. Program clientele or recipients of services include individuals, families, communities, municipalities, agricultural and seafood processing and marketing firms, other businesses and certain organizations. These services are delivered to adults and youth in both urban and rural settings.

To assure that educational programs offered by Cooperative Extension meet the needs of the local clientele, it is important that both elected and appointed decision makers at each level of government understand their respective responsibilities and relationships in conducting and funding this work. To this end, this Memorandum of Agreement will detail the individual relationships and mutually agreed-upon responsibilities of NCSU and each county or tribal community that signs this Memorandum of Agreement.

(N0040380 1·

Part I. NC State Extension will:

- 1. Establish minimum requirements and qualifications for employment in Cooperative Extension work.
- 2. Receive and examine applications for employment.
- 3. Interview and screen applicants to determine their qualifications and availability.
- 4. Consult with the Board of County Commissioners, or the County Manager as designee, regarding qualified applicants for appointment to vacant or new Cooperative Extension positions.
- Consult with the Board of County Commissioners, or the County Manager as designee, regarding the salaries and salary splits of all Cooperative Extension employees, including but not limited to County Extension Directors, Extension Agents, and County Operations Support Staff (COSS).
- **6.** Prepare and submit an annual budget to the Board of County Commissioners, or the County Manager as designee, for securing the county's share of funds for salaries and operating expenses each based on the state fiscal year.
- 7. Provide funds for official travel necessary to conduct Cooperative Extension work and postage funds, to the extent that funds are available, and for purposes authorized by state and federal policies.
- 8. Accept responsibility and provide the leadership for administration and supervision of Cooperative Extension programs and personnel, including compliance with affirmative action and equal employment opportunity requirements. NC State will investigate all cases of discrimination, harassment, or retaliation following applicable NC State policies.
- 9. Investigate and manage all employee relations issues related to NC State employees housed in local offices. We will work collaboratively with local county government and NC A&T University when an issue impacts their employees.
- 10. Develop and administer a personnel management plan that will provide the annual review of each employee's performance, counseling for job improvement where needed, and periodic county program reviews.
- 11. Provide a staff of specialists to train agents in current technology and other changes affecting agriculture and natural resources, family and consumer sciences, 4-H and youth, and community and rural development, and to otherwise assist them in conducting work in these areas.

3

(N0040380 1)

- **12.**Provide Cooperative Extension professionals with training programs as needed to maintain effective program delivery.
- **13.**Seek regular input from the County and maintain a County Advisory Leadership System to ensure that county Cooperative Extension programs are based on the particular needs of people in their respective county.
- **14.**Prepare and submit a "Report to the People" to the Board of Commissioners, or the County Manager as designee, at least annually, informing the Board or Manager of Cooperative Extension programs and work accomplished.

Part II. The Board of County Commissioners will:

- 1. Provide the County's share of salaries and benefits for Cooperative Extension personnel.
- 2. Comply with North Carolina's Workers Compensation Act, N.C. General Statute § 97-2(2).
- 3. Provide offices, equipment, utilities, telephones, office supplies, instructional materials and other items needed for efficient operation of the County Extension Center and its programs; and comply with the accessibility provisions of the Americans with Disabilities Act.
- Review and consider the annual budget request from NCSU, and take appropriate action by July 1 of each fiscal year.
- **5.** Provide regular input to the District and County Extension Directors on the particular needs of people in their respective county to help ensure that county Cooperative Extension programs are based on specific needs and meet county programming plans.

Part III.

NC State Extension and the Board of County Commissioners mutually agree:

- That all county Cooperative Extension employment appointments and separations will be made
 in consultation between NCSU and the Board of County Commissioners, or the County Manager
 as designee, and that no official action related to such appointments or separations will be taken
 by either party regarding appointment or separation prior to discussion of the matter with the
 other party.
- 2. That the Board of County Commissioners and NCSU shall each be responsible for compliance with applicable laws and regulations relating to their respective operations.
- 3. To cooperate in implementing affirmative action and equal employment opportunity plans of NCSU.

(N0D40380 1) 4

- **4.** The parties will work together to maintain an environment of high-quality cooperation and services. At the request of any party, a meeting or conference will promptly be held between the Parties' representatives to resolve any problems or develop any improvements.
- 5. That the policies established by the State of North Carolina under N.C. General Statute §126 and followed by the UNC System for SHRA employees be used in the granting and administration of leave related to the earning rates, transfer policies, payout computation and timing, and administration of vacation, sick, civil, community involvement, military, Family and Medical Leave, Family Illness Leave, leaves of absence, and other approved leave programs for Cooperative Extension personnel.
- 6. That Cooperative Extension employees will follow county policies relative to office hours, office closings for inclement weather, and holidays, and for the management and use of county property.
- 7. That personnel procedures are as follows:

(a) Establishing Accounts to Operationalize the Payroll Process.

- i. To operationalize the payroll arrangement, NCSU will establish a Trust Fund Account for the County at NCSU that will serve as the vehicle for the transfer of funds from the County to NCSU for use in paying the county's agreed-upon share of salary and benefits for Cooperative Extension personnel.
- ii. Procedure for Providing Funds to the Account. A State Treasurer's Electronic Payment System (STEPS) form will be completed and the original submitted to the Assistant Extension Director of HR and Operational Strategy via the appropriate District Extension Director. The County Finance Officer, or the designated County representative, will receive notification from the NCSU College of Agriculture and Life Sciences HR Office prior to the University's payroll date, generally the last working day of each month, advising the amount due for the current payroll. Within 5 business days following the payday, the respective University will draft against the County's established trust account in the amount communicated.
- iii. Administration of the Account. The trust account will be maintained in accordance with the respective NCSU accounting policies and procedures. The trust account will be audited and reconciled by the NCSU College of Agriculture and Life Sciences Business Office to ensure the month-end account balance remains zero.

(b) Employee Benefits.

i. <u>Retirement Benefits</u>. All Extension Personnel will participate solely in either the North Carolina Teachers and State Employees Retirement System (TSERS) and accompanying North Carolina Disability Income Plan, or the Optional Retirement Plan, based on eligibility criteria established by the State. They will be eligible solely for respective NCSU employee benefits for which they qualify based on their appointment and FTE, and former federal appointees will maintain federal benefits, the employerpaid parts of which will be paid for solely by NCSU.

{N0040380 1} 5

(c) Taxes and Fringe Benefits.

- i. The County will be responsible for providing their proportional share of fringe benefits for all Cooperative Extension personnel, including but not limited to the following:
 - 1. Employer contributions to all applicable Federal and State taxes.
 - Employer contribution to TSERs per N.C. General Statute §135, or to ORP per N.C. General Statute §135-5.1.
 - 3. Employer contribution to the Health Insurance matching charges per N.C. General Statute §135.
- (d) Workers' Compensation will be administered pursuant to N.C. General Statute §97-2(2). The County will provide full and direct coverage for those employees subject to the County workers' compensation insurance within the county insurance program. Employees for whom the County will maintain workers' compensation coverage are the following:
 - 1. All administrative and any other positions designated as County Operations Support Staff (COSS); and
 - a. All Program Assistants/Associates who are not funded by directly allocated federal funds such as EFNEP, or Program Assistants/Associates who are paid in part by EFNEP funds but which account for less than 50% funding.
 - b. NCSU will provide full and direct coverage for their respective Cooperative Extension employees subject to NCSU's workers' compensation insurance. Cooperative Extension employees for whom NCSU will maintain workers' compensation coverage are the following:
 - i. All County Extension Directors and Extension Agents; and
 - ii. All Program Assistants or Associates who are funded by directly allocated federal funds such as EFNEP, or Programs Assistants or Associates who are paid in part by EFNEP funds at equal to or more than 50% funding.

(e) Employee Separation

- NCSU will process severance pay for reductions-in-force (RIFs) as delineated in the COSS Employee Handbook for County Operations Support Staff (COSS).
- 2. Upon an employee's separation, the County will pay out its proportional share of annual/vacation leave, up to a maximum of 240 hours per the OSHR and/or UNC System guidelines, and any applicable bonus leave balance.

- 3. The County will pay its proportional share of state longevity for COSS employees upon an employee's service anniversary date.
- 4. The County will pay out its proportional share of any accrued "extra" time (hour-for-hour) or overtime (1.5 hour-for-hour) to Cooperative Extension employees that are subject to Fair Labor Standards Act or the North Carolina Wage and Hour Act upon an employee's earning anniversary date or as due to the employee at the time of separation.
- (f) Optional County-paid Salary Increases or Bonuses to Cooperative Extension Personnel. At their discretion, Counties may award additional permanent salary increases or one-time pay awards ("bonuses") to Cooperative Extension personnel. If such salary increases or bonuses are proposed by the County under the "non-lock-in" payroll arrangement, they must be communicated to the appropriate District Extension Director's office no later than the first day of any month in which the proposed increase or bonus is to be applied. Increases must be entered in the current fiscal year.

(g) Lock-In Provision

This section describes the preferred arrangement to support the salary agreement between the County and NCSU for Extension personnel. All counties will participate in the Lock-In provision unless designated on an Opt-Out Addendum the arrangement as Non Lock-In.

1. Salary Adjustments for Extension Employees under the Lock-In Provision. The full compensation plan for university employees as approved by the General Assembly and implemented by the Office of the President, University of North Carolina System, will serve as the basis for all compensation adjustments and both the County and NCSU will adhere to the plan's effective dates and implementation instructions. Cooperative Extension personnel receiving salary from grant funds will be governed by the terms and conditions of the applicable grant within the scope and applicability of NCSU personnel policies governing grants. These compensation components include, but are not limited to:

Across-the-board adjustments, Cost-of-living adjustments (COLA), Merit adjustments, Bonuses (in any form conveyed), and Promotion, classification, market, or equity adjustments.

<u>Salary and Benefits</u>. Salaries and benefits, as delineated above in 7(a-e), will be split according to the hiring agreement and will be detailed on an attached addendum. As both parties may provide increases, these percentages will change slightly from the original hire percentage.

Addendum to the Memorandum of Agreement Change to Payroll Arrangement for Henderson County

Under a Lock-in agreement with NC Cooperative Extension, counties agree to fund salary adjustments, increases and bonuses and promotions earned according to the current percentage of employee salaries. Counties that are not lock-in are encouraged to fund state increases, bonus and promotions earned. In both scenarios, counties may include Extension employees in any county increases, longevity or raises at any time.

Non Lock-In Provisions of the Cooperative Arrangement

Enacting the Non Lock-in Provision. By signing this addendum, the County and NCSU shall adhere to the following provisions, guidelines, and procedures.

- 1. The county agrees to all provisions, guidelines, and procedures of the existing MOA with the exception of item 7(g) the Lock-in Provision.
- 2. Salary Adjustments for Extension Employees under the Non Lock-In Provision. The full compensation plan for university employees as approved by the General Assembly and implemented by the Office of the President, University of North Carolina System, will serve as the basis for all compensation adjustments for NCSU. The County may match the salary adjustments on their percentage of the employee salary. Cooperative Extension personnel receiving salary from grant funds will be governed by the terms and conditions of the applicable grant within the scope and applicability of NCSU personnel policies governing grants. These compensation components include, but are not limited to:

Across-the-board adjustments,
Cost-of-living adjustments (COLA),
Merit adjustments,
Bonuses (in any form conveyed), and
Promotion, classification, market, or equity adjustments.

<u>Salary and Benefits</u>. Salaries and benefits, as delineated above in 7(a-e), will be split according to the hiring agreement and will be detailed on an attached addendum. As both parties may provide increases, these percentages will change slightly from the original hire percentage.

REQUEST FOR BOARD ACTION

HENDERSON COUNTY BOARD OF COMMISSIONERS

MEETING DATE: June 3, 2024

SUBJECT: Budget Amendment – Fire Services/Capital Reserve Fund

PRESENTERS: Jimmy Brissie – Emergency Services Director

ATTACHMENTS: Yes

1. Budget Amendment

SUMMARY OF REQUEST:

The Board is requested to approve a Budget Amendment transferring \$250,000 from the Fire Services Budget into the Capital Reserve Fund. The appropriation within the FY24 budget was for Worker's Compensation Insurance the County pays for the volunteer fire departments. Staff have been informed that this cost will be covered by the State for the upcoming fiscal year. Staff requests this transfer to allow these funds to still be used for the benefit of the fire departments.

BOARD ACTION REQUESTED:

The Board is requested to approve the attached Budget Amendment as presented.

Suggested Motion:

I move the Board approve the attached Budget Amendment as presented.
