Records Retention – Local Health Department Records Retention and Disposition Schedule The NC Department of Cultural Resources issued a new Local Health Departments Records Retention and Disposition Schedule on March 1, 2019. This schedule is the primary means that the Department of Cultural Resources gives its consent to destroy records as outlined in G.S. 121 and G.S. 132. Though the Health Department has been using this Schedule since its issuance, the Department of Cultural Resources has requested that the Board officially approve the Schedule by signing the provided approval sheet.

The Board of Health approved this Schedule at its November 18, 2024, meeting.

Motion: I move the Board approve the Schedule as presented and authorize the Local Health Director and Board of Health Chair to execute the approval sheet.

Records Retention – County Social Services Records Retention and Disposition Schedule
The Henderson County Department of Social Services requested that the 2016 Records Retention
Schedule for County Social Services Agencies, as issued by the North Carolina Department of
Natural and Cultural Resources Division of Archives and Records Government Records Section,
be adopted.

This schedule provides the legal authorization to destroy records when they are no longer needed for administrative, legal, fiscal, or historical purposes. Adoption ensures the department complies with state public records management requirements and supports efficient record management.

Motion: I move the Board adopt the 2016 Records Retention and Disposition for County Social Services Agencies as issued by the North Carolina Department of Natural and Cultural Resources Division of Archives and Records Government Records Section and authorize the Henderson County Department of Social Services to implement the schedule in compliance with applicable laws and guidelines.

Motion: I move the Board approve the Public Records Disposal Request and Destruction Log as presented.

# 2025.186 Budget Amendment - Return Unspent Debt Service Funds to Capital Reserve Fund

The Board was requested to approve a Budget Amendment, transferring \$6,712,422 from the Approved: November 19, 2025

General Fund to the Capital Reserve Fund. These funds are the result of cost savings in debt service from the financing of the JCAR Courthouse Project – Detention Center portion and the refinancing of the Health Sciences Center.

Motion: I move the Board approve the budget amendment as presented, transferring funds from the General Fund to the Capital Reserve Fund.

## 2025.187 Budget Amendment - Return Unspent Funds to Capital Reserve Fund

Motion: I move the Board approve budget amendment as presented.

### 2025.188 Budget Amendment - Return Unspent Funds to General Fund

The Jackson Park all-inclusive playground project was successfully completed. Unspent funds remain, which were originally transferred to the Capital Projects Fund from the General Fund. Staff respectfully requested that the Board of Commissioners approve a budget amendment to return the unexpended portion to the General Fund.

Motion: I move the Board approve the budget amendment as presented.

### 2025.189 Budget Amendment – Fund Balance Appropriation

Staff requested that the Board approve a budget amendment that appropriates fund balance for the purchase of uniforms for the Henderson County Sheriff's Office, which will not be fulfilled until FY26. The purchases were approved, budgeted for, and encumbered in FY25 but were not delivered or fulfilled by the end of the fiscal year because of supply chain disruptions or other delays.

Motion: I move the Board approve the budget amendment to appropriate fund balance.

### Regional Transportation Safety Action Plan – Letter of Support

The French Broad River Metropolitan Planning Organization (MPO) requested that Henderson County support the Safe Streets for WNC, a regional safety action plan. This plan was developed with input from the MPO's Prioritization Committee, Technical Coordinating Committee, and the MPO Board, all of which have representation from Henderson County. The plan aims to achieve a 10% reduction in fatal and serious injury crashes by 2035, followed by an additional 45% reduction by 2045, and ultimately move toward zero fatalities and serious injuries by 2050.

Motion: I move to support the Safe Streets for WNC Regional Safety Action Plan.

# 2025.191 Adoption of Financing Resolution for Medical Office Building – Spartanburg Highway Project and Real Property Purchase

Staff presented the required initial resolution prepared by the County's Bond Counsel, Parker Poe Adams & Bernstein LLP, authorizes the negotiation of an installment financing contract and provides for certain other related matters for the financing of (a) the acquisition, construction, and equipping of a new medical office building and related site improvements to expand UNC Health Pardee's outpatient and primary care services within the County, and (b) the acquisition, development, and improvement of real property to support economic development initiatives. The maximum amount of this borrowing would be \$45,000,000. The County's obligation would be secured by the pledge of the medical office building property and/or the real property.

The Board previously adopted a reimbursement resolution on March 4, 2024.

Note: The "maximum amount" figure in the resolution is not intended to accurately state the project costs or amount to be financed but rather act as a safe harbor number for the purpose of these resolutions only.

The resolution makes the necessary findings for the project and the financing, authorizes the Financial Services Director to make an application to the Local Government Commission (LCG) for approval of the financing, and directs staff to retain the assistance of its bond counsel, financial advisor and the underwriter for the financing.

The resolution also sets a public hearing on the proposed financing for November 19, 2025, at 9:30 a.m. and directs the Financial Services Director to cause a notice of public hearing to be published once and no fewer than 14 days prior to the public hearing.

Motion: I move that the Board of Commissioners adopt the financing resolution authorizing the negotiation of an installment financing contract which provides for certain other related matters for the financing.

I further move that the Board schedule the public hearing on the proposed financing for November 19, 2025, at 9:30 a.m.

The Board is also requested to approve the proposal letter from WGLA Engineering for Engineering & Design services, for the Blue Ridge Community College Water and Sewer Extension and authorize staff to proceed. The proposed fee from WGLA is \$45,000.

These services will be funded with Maintenance, Repair, Technology, and Security (MRTS) funding previously allocated to Blue Ridge Community College.

The Statements of Qualifications received were from: High Country Engineering, Terra Firma Engineering, and WGLA Engineering.

Motion: I move the Henderson County Board of Commissioners approve the selection of WGLA as the Engineer and Designer, for the Blue Ridge Community College Water and Sewer

Extension Project.

The sponsorship program will provide a guide for community members, local businesses, and funders interested in financially supporting the Henderson County Sports Complex. Any amounts raised will be restricted to fund amenities and additional facilities, including restrooms.

The Henderson County Education Foundation has graciously agreed to provide a platform to receive donations.

Motion: I move the Board approve the Henderson County Sports Complex sponsorship program and direct staff to pursue private funding.

# 2025.192 Resolution Concurring Mills River Participation in Property Assessed Capital Expenditure (C-PACE) Program

The North Carolina Commercial Property Assessed Capital Expenditure (C-PACE) Program was established by the General Assembly in 2024. The Economic Development Partnership of North Carolina administers the program. It is intended to provide a long-term private financing option for renewable energy, energy efficiency, water conservation, and resiliency improvements to commercial property. Private financing is spread over the useful life of the improvement and can be up to 35% of the property's value. The financing is secured by a voluntary senior lien on the property.

There is no financial or legal responsibility to Henderson County. Mills River has passed a resolution authorizing the program.

The Board was requested to consider adopting a concurring resolution to authorize the C-PACE program in Mills River.

Motion: I move that the Board approve the proposed concurring resolution.

Vice-Chair Edney made the motion to approve the consent agenda. All voted in favor, and the motion carried.

Commissioner McCall noted that the Board received no prior communication from Raleigh regarding the change and only became aware of it through the School of Government update.

## Members of the Board made the following comments:

Commissioner Egolf expressed concern that the General Assembly reallocated \$12.7 million from the Edneyville Sewer Project to the Etowah project without consulting County officials. He

emphasized the importance of communication and bipartisan cooperation, noting that planning for the project began as early as 2017. He stated that approximately \$2 million had already been spent on the project and would not be recoverable. He felt the Board should have been directly notified of the change rather than learning of it afterward.

Commissioner Franklin commended County staff and engineers for their effective maintenance of the Etowah Sewer System, noting there have been no complaints or failures. She stated that the Department of Environmental Quality (DEQ) has been supportive regarding both the Edneyville and Etowah projects and expressed confidence that DEQ recognizes the County's responsible and diligent management of public funds.

Commissioner McCall stated that the reason behind the General Assembly's decision to reallocate the \$12.7 million from the Edneyville Sewer Project to the Etowah project remains unknown, as there was no prior communication with the County. She suggested the decision may have been influenced by NCDEQ but emphasized that this is uncertain. Commissioner McCall said she and Vice-Chair Edney plan to meet Thursday with Representative Jennifer Balkcom and Senator Tim Moffitt to seek clarification. She noted that, as a result of the change, the funds cannot be used for Etowah due to funding deadlines, leaving the County without the \$12.7 million.

Vice-Chair Edney stated that he, like the rest of the Board, has more questions than answers regarding the reallocation. He expressed doubt that the legislature could restore the funds in time for the County to utilize them, even if they chose to do so. He said the County should hope for the best but plan for the worst by beginning to consider alternative options.

Chairman Lapsley thanked the County Manager and County Engineer for their work on both sewer projects. He remarked that if a previous Board had not purchased the Etowah Sewer System, the community could be facing an environmental disaster, and he commended the Board at that time for taking decisive action. While he appreciated the review of the Clear Creek (Edneyville) Sewer Project's history, he expressed doubt that the seriousness of the current situation has been fully conveyed.

Chairman Lapsley reviewed the recent legislative action reallocating \$12.7 million previously appropriated to Henderson County for the Edneyville Sewer Project. He stated that the decision. passed on October 21, came as a complete surprise to both the Board and staff, with no prior communication from Representative Balkcom or Senator Moffitt. He commended the County Attorney for discovering the change through legislative monitoring on October 22, after which the Board was notified. Chairman Lapsley said Representative Balkcom informed Mr. Mitchell that concerns from local property owners about potential growth in Edneyville prompted the reallocation. He noted that the County had held multiple public hearings over eight years with broad community support and that a construction contract for the project had been awarded just a week earlier-information Representative Balkcom indicated she was unaware of. Chairman Lapsley stated that the loss of the \$12.7 million effectively ends the project and jeopardizes the County's agreement with the NC Division of Environmental Quality to provide sewer service to Edneyville Elementary School unless alternative funding is secured. He expressed disappointment that the issue could not have been resolved through prior communication. Chairman Lapsley noted that the Board had been publicly commended for expanding the Edneyville Sewer Project to include businesses along Highway 64. The project was originally intended only to serve Edneyville

Elementary School; however, due to public interest and the need to address failing septic systems along the corridor, additional funding was sought to extend service to those properties.

Chairman Lapsley stated that after the County purchased the Etowah Sewer System in July 2024, consulting engineers were engaged to assess the improvements needed to bring the system into compliance. He explained that the County does not yet have a list of required improvements, cost estimates, or detailed engineering plans, and therefore could not utilize the reallocated funds even if available. He noted that typical grant-funded projects require detailed engineering and a preliminary engineering report, which have not yet been completed. Chairman Lapsley expressed that redirecting the \$12.7 million to Etowah was effectively a loss of funds for Henderson County and criticized the lack of communication from legislators, stating the situation could have been avoided with a phone call. Commissioner McCall added that, since the change was made through a Senate bill, Senator Moffitt should also have contacted the County.

Chairman Lapsley stated that the Board of Commissioners was elected to manage local issues on behalf of Henderson County residents, while Representative Balkcom was elected to address state matters. He expressed his opinion that her involvement in this local issue exceeded reasonable authority and has created significant challenges for the Board.

Chairman Lapsley stated that the Board must act quickly, as the construction bid for the Edneyville Sewer Project will expire in 30 days. He outlined several options: (1) terminate the contract and restart the process; (2) redirect funds from the General Fund, which would require borrowing and result in taxpayer-funded debt; (3) reduce the project scope to serve only Edneyville Elementary School and possibly Camp Judaea; or (4) place the project on hold for 30–60 days to determine whether the General Assembly can restore the funding.

Following further discussion, Commissioner McCall requested that staff collaborate to develop potential funding options for the Edneyville Sewer Project and present them to the Board at its next meeting for consideration and possible action. Vice-Chair Edney asked staff to explore reducing the project scope by removing the Justice Academy component and focusing efforts on serving Edneyville Elementary School.

County Manager Mitchell stated that, at the Board's direction, staff would prepare a brief presentation outlining available options. He noted that the County must also evaluate the potential legal and financial ramifications of canceling the construction contract and the impact on easements previously acquired for the project.

### **Interlocal Agreement – City of Hendersonville**

County Manager Mitchell informed the Board that a letter had been received from the City of Hendersonville regarding the interlocal agreement jointly approved by the City and County in June to support the passage of Senate Bill 69. He noted that there has been no movement in Raleigh on the legislation and that the General Assembly has no meetings scheduled in the coming month to consider the bill. Mr. Mitchell stated that if SB69 is to move forward, it would need to be reintroduced during the next legislative session. He said he had drafted a response letter previously shared with the Board and requested direction on whether to proceed with a reply to the City.

Chairman Lapsley reviewed the history of water and sewer issues in the unincorporated areas of the county and summarized recent legislative and interlocal agreement actions. He highlighted the

introduction and progression of Senate Bill 69, the approval of an interlocal agreement on June 16, and subsequent discussion with state representatives.

The consensus of the Board was to communicate the letter to the City of Hendersonville. Mr. Mitchell summarized that the drafted letter expresses the County's appreciation to the City for working collaboratively to develop the interlocal agreement and conveys the County's intent to jointly advocate for the agreement in Raleigh as outlined. Along with the letter, a draft interlocal agreement will be provided should the City wish to proceed with actions that can be undertaken jointly by the County and the City without General Assembly approval.

# UNC Health Pardee Spartanburg Highway Medical Office Building (MOB) Guaranteed Maximum Price (GMP)

The Board was requested to approve the Guaranteed Maximum Price (GMP) from Vannoy Construction and authorize staff to proceed to contract for Construction Manager at Risk (CMR) services, for the UNC Health Pardee Spartanburg Highway Medical Office Building Project.

The proposal received from Vannoy Construction is a guaranteed maximum price of \$23,593,501.

Chris Todd outlined the project and highlighted the partnership among Pardee Hospital, UNC Health, and Vannoy Construction. Lance Haney (Vannoy) presented the Guaranteed Maximum Price (GMP) of \$27,264,266.57. The hospital will be responsible for repaying the debt service. Mr. McCall noted the County is borrowing the funds due to its stronger credit rating, with Pardee Hospital covering both interest and principal payments through the lease. Commissioner Edney emphasized that this approach saves taxpayers money. Mr. McCall also stressed the importance of staff involvement in the design process, and Maggie Carvealle (LS3P) confirmed that hospital, design, and County teams have been included in project planning meetings.

Vice-Chair Edney made the motion the Henderson County Board of Commissioners accept the Guaranteed Maximum Price of \$23,593,50, and direct Henderson County Staff to contract with Vannoy Construction on this project. All voted in favor, and the motion carried.

He thanked Parks and Recreation Director Bruce Gilliam and staff for their efforts with the Treat Street event. Mitchell stated that the County continues to monitor the SNAP program amid the federal government shutdown and will provide the Board with a mid-month update on potential cost impacts, noting that SNAP positions are cost-shared with the federal government. He added that WIC funding is secured through November 30. Regarding FEMA reimbursements, he expressed increased optimism about recent progress. Mitchell also reported that the County has received its audit, which he is reviewing, and that Emergency Management Director Jimmy Brissie is currently in Alaska assisting with typhoon recovery efforts.

Re: Safe Streets for WNC

The Land of Sky Regional Planning Organization (RPO) and the French Broad River Metropolitan Planning Organization (MPO) partnered to develop Safe Streets for WNC – the Land of Sky Regional Transportation Safety Action Plan. The Safe Streets for WNC plan was financially supported by a USDOT Safe Streets and Roads for All (SS4A) grant and was completed in Summer 2025 with an overarching goal:

The region will achieve a 10% reduction in fatal and serious injury crashes by 2035, an additional 45% reduction by 2045, and move toward zero fatalities and serious injuries by 2050.

Safe Streets for WNC follows the Safe System Approach – considering both reactive and proactive measures to reduce and ultimately eliminate fatalities and serious injuries resulting from roadway crashes. Safe Streets for WNC is a regional framework for understanding the most severe safety issues and includes a series of strategies and tools that will be used to develop projects and programs for implementation in the immediate and long term. Within the five county region including Buncombe, Haywood, Henderson, Madison, and Transylvania counties, many local agencies and stakeholders participated in the development of the plan.

NCDOT, local governments, and community organizations are key partners in implementing the Safe Streets for WNC plan. Henderson County is committed to the goals and actions outlined in Safe Streets for WNC. Leadership from Henderson County resolved to support the regional transportation safety action plan on October 15, 2025, and will actively support implementation.

Sincerely,

William G. Lapsley

County Commission Chair

The following members were absent: None

\* \* \* \* \*

Commissioner Edney moved that the following resolution, copies of which having been made available to the Board of Commissioners, be adopted, by reading the title thereof (further reading waived without objection):

RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE COUNTY OF HENDERSON, NORTH CAROLINA, AUTHORIZING THE NEGOTIATION OF AN AMENDMENT TO AN INSTALLMENT FINANCING CONTRACT, DIRECTING THE PUBLICATION OF NOTICE WITH RESPECT THERETO, DECLARING THE INTENT OF THE COUNTY TO REIMBURSE ITSELF FOR CAPITAL EXPENDITURES FROM PROCEEDS THEREOF, AND PROVIDING FOR CERTAIN OTHER RELATED MATTERS THERETO

WHEREAS, the County of Henderson, North Carolina (the "County") is a validly existing political subdivision, existing as such under and by virtue of the Constitution, statutes and laws of the State of North Carolina (the "State");

WHEREAS, the County has the power, pursuant to the General Statutes of North Carolina to (1) enter into installment contracts to purchase, or finance or refinance the purchase of, real or personal property and to finance or refinance the construction or repair of fixtures or improvements on real property

and (2) create a security interest in some or all of the property financed or refinanced to secure repayment of the purchase price;

WHEREAS, the County has previously executed and delivered:

- (1) an Installment Financing Contract dated as of October 1, 2025 (the "2025 Contract") with the Henderson County Governmental Financing Corporation (the "Corporation"), the proceeds of which were used to (a) finance the renovation and expansion of the County's existing detention facility (the "Detention Facility") as part of a County judicial center, and (b) refinance the County's outstanding installment payment obligations related to an Installment Financing Contract, dated as of August 15, 2015, between the County and the Corporation; and
- (2) a Deed of Trust, Security Agreement and Fixture Filing dated as of October 1, 2025 (the "Deed of Trust"), pursuant to which the County granted a lien on the site of the Detention Facility, together with the real estate improvements thereon and appurtenances thereto;

WHEREAS, it is in the County's best interest to enter into Amendment Number One to the 2025 Contract (the "First Amendment" and together with the 2025 Contract, the "Contract") with the Corporation to finance (a) the acquisition, construction, and equipping of a new medical office building and related site improvements to expand UNC Health Pardee's outpatient and primary care services within the County, and (b) the acquisition, development, and improvement of real property to support economic development initiatives (collectively, the "2026 Projects");

WHEREAS, financing the 2026 Projects is essential to the County's proper, efficient and economic operation and to the general health and welfare of its inhabitants; financing the 2026 Projects will provide an essential use and will permit the County to carry out public functions that it is authorized by law to perform; and entering into the First Amendment is necessary and expedient for the County by virtue of the findings presented herein;

WHEREAS, the First Amendment would allow the County to finance the 2026 Projects and take title thereto at a favorable interest rate currently available in the financial marketplace and on terms advantageous to the County;

WHEREAS, the estimated cost of financing the 2026 Projects, including payment of the costs of execution and delivery of the First Amendment, is an amount not to exceed \$45,000,000 and such cost exceeds the amount that can be prudently raised from currently available appropriations, unappropriated fund balances and non-voted bonds that could be issued by the County in the current fiscal year pursuant to Article V, Section 4 of the Constitution of the State;

WHEREAS, although the cost of financing the 2026 Projects pursuant to the First Amendment is expected to exceed the cost of financing the 2026 Projects pursuant to a bond financing for the same undertaking, the cost of financing the 2026 Projects pursuant to the First Amendment and the obligations of the County thereunder are preferable to a general obligation bond financing or revenue bond financing for several reasons, including but not limited to the following: (1) the cost of a special election necessary to approve a general obligation bond financing, as required by the laws of the State, would result in the expenditure of significant funds; (2) the time required for a general obligation bond election would cause an unnecessary delay which would thereby decrease the financial benefits of financing, constructing, and improving the 2026 Projects; and (3) the 2026 Projects would produce insufficient revenues to permit a revenue bond financing;

WHEREAS, the estimated costs of financing the 2026 Projects pursuant to the First Amendment reasonably compares with an estimate of similar costs under a bond financing for the same undertaking as a result of the findings delineated in the above preambles;

WHEREAS, any future property tax increase, if necessary, to pay installment payments falling due under the First Amendment will not be excessive;

WHEREAS, the sums to fall due under the First Amendment will be adequate but not excessive for its proposed purpose;

WHEREAS, no deficiency judgment may be rendered against the County in any action for its breach of the First Amendment, and the taxing power of the County is not and may not be pledged in any way directly or indirectly or contingently to secure any money due under the First Amendment;

WHEREAS, the County is not in default under any of its debt service obligations:

WHEREAS, the County's budget process and Annual Budget Ordinance are in compliance with the Local Government Budget and Fiscal Control Act, and external auditors have determined that the County has conformed with generally accepted accounting principles as applied to governmental units in preparing its Annual Budget ordinance;

WHEREAS, past audit reports of the County indicate that its debt management and contract obligation payment policies have been carried out in strict compliance with the law, and the County has not been censured by the North Carolina Local Government Commission (the "LGC"), external auditors or any other regulatory agencies in connection with such debt management and contract obligation payment policies;

WHEREAS, a public hearing on the First Amendment after publication of a notice with respect to such public hearing must be held, and approval of the LGC with respect to entering into the First Amendment must be received;

WHEREAS, the County will incur and pay certain expenditures (the "Original Expenditures") in connection with the 2026 Projects prior to the date of execution and delivery of the First Amendment, such Original Expenditures to be paid for originally from a source other than the proceeds of the First Amendment, and the County intends, and reasonably expects, to be reimbursed for such Original Expenditures from a portion of the proceeds of the First Amendment; and

WHEREAS, all findings, conclusions and determinations of the County in this Resolution are subject to modification or affirmation after all interested parties have been afforded the opportunity to present their comments at a public hearing regarding the execution and delivery of the First Amendment and the 2026 Projects financed thereby.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE COUNTY OF HENDERSON, NORTH CAROLINA, AS FOLLOWS:

Section 1. Authorization to Negotiate the First Amendment. The County Manager, the Financial Services Director, and the Finance Director, or their respective designees (collectively, the "Authorized Officers"), with advice from the County Attorney and the County's bond counsel, are authorized and directed, individually and collectively, to proceed and negotiate on behalf of the County the First Amendment for a principal amount not to exceed \$45,000,000 to finance the 2026 Projects, to be

- Section 2. Application to LGC. The Authorized Officers are directed to file with the LGC an application for its approval of the First Amendment and all relevant transactions contemplated thereby on a form prescribed by the LGC and to state in such application such facts and to attach thereto such exhibits regarding the County and its financial condition as may be required by the LGC.
- Section 3. *Direction to Retain Professionals*. The Authorized Officers are authorized to retain such other professionals as they deem necessary in their judgment to carry out the transaction contemplated in this Resolution.
- Section 4. *Public Hearing*. - Section 5. *Notice of Public Hearing.* The Clerk to the Board is directed to cause a notice of the Public Hearing, in the form attached hereto as Exhibit A, to be published once in a qualified newspaper of general circulation within the County no fewer than 10 days prior to the Public Hearing.
- Section 6. Repealer. All motions, orders, resolutions and parts thereof in conflict herewith are hereby repealed.
- Section 7. *Reimbursement.* The County presently intends, and reasonably expects, to reimburse itself for Original Expenditures in an amount not to exceed \$45,000,000 on or after the date occurring 60 days prior to the date of adoption of this Resolution from a portion of the proceeds of the First Amendment. The County adopts this Resolution as a declaration of official intent under Section 1.150-2 of the Treasury Regulations promulgated under Section 103 of the Internal Revenue Code of 1986, as amended, to evidence the County's intent to reimburse itself for the Original Expenditures from proceeds of the First Amendment. The Authorized Officers, with advice from the County's bond counsel, are authorized, directed and designated to act on behalf of the County in determining and itemizing all of the Original Expenditures incurred and paid by the County in connection with the 2026 Projects during the period commencing on the date occurring 60 days prior to the date of adoption of this Resolution and ending on the date of the execution and delivery of the First Amendment.
  - Section 8. *Effective Date.* This Resolution is effective on the date of its adoption.

On motion of Commissioner <u>Edney</u>, the foregoing resolution entitled "RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE COUNTY OF HENDERSON, NORTH CAROLINA, AUTHORIZING THE NEGOTIATION OF AN AMENDMENT TO AN INSTALLMENT FINANCING CONTRACT, DIRECTING THE PUBLICATION OF NOTICE WITH RESPECT THERETO, DECLARING THE INTENT OF THE COUNTY TO REIMBURSE ITSELF FOR CAPITAL EXPENDITURES FROM PROCEEDS THEREOF, AND PROVIDING FOR CERTAIN OTHER RELATED MATTERS THERETO" was duly adopted by the following vote:

# EXHIBIT A NOTICE OF PUBLIC HEARING

The County of Henderson, North Carolina (the "County") previously entered into an Installment Financing Contract dated as of October 1, 2025 (the "2025 Contract") with the Henderson County Governmental Financing Corporation (the "Corporation"), to finance and refinance the projects described therein. To secure its obligations under the 2025 Contract, the County previously executed and delivered a Deed of Trust, Security Agreement and Fixture Filing dated as of October 1, 2025 (the "Deed of Trust") pursuant to which the County granted a lien on the site of its existing detention facility, together with the real estate improvements thereon and appurtenances thereto (collectively, the "Mortgaged Property").

At its November 3, 2025 meeting, the Board of Commissioners (the "Board") of the County adopted a resolution which authorized the County to enter into Amendment Number One to the 2005 Contract (the "First Amendment" and together with the 2025 Contract, the "Contract"), the aggregate principal amount of which is currently expected not to exceed \$45,000,000, under which the County will make certain installment payments to finance (a) the acquisition, construction, and equipping of a new medical office building and related site improvements to expand UNC Health Pardee's outpatient and primary care services within the County (collectively, the "Health Project"), and (b) the acquisition, development, and improvement of real property to support economic development initiatives (collectively, the "2026 Projects"). The maximum stated principal amount of the Contract to be used to finance the Health Project is \$45,000,000. The Health Project will be located at 1500 Spartanburg Highway, Hendersonville, North Carolina 28792, and will be owned and operated by the Henderson County Hospital Corporation, a nonprofit corporation organized and existing under the laws of the State of North Carolina.

The Contract and the Deed of Trust permit the County to enter into amendments to finance or refinance additional projects using the Mortgaged Property as collateral and the County may or may not grant additional collateral in connection with such amendments. On the County's payment of all installment payments due under the Contract, including any future amendments to finance or refinance projects, any lien the Deed of Trust created will terminate and the County's title to the Mortgaged Property will be unencumbered.

NOTICE IS HEREBY GIVEN, pursuant to Sections 160A-20 of the General Statutes of North Carolina and Section 147(f) of the Internal Revenue Code of 1986, that on November 19, 2025 at 9:30 a.m. in the Commissioners' Meeting Room, Henderson County Historic Courthouse, I Historic Courthouse Square, Hendersonville, North Carolina, a public hearing will be conducted concerning the approval of the execution and delivery of the First Amendment and the 2026 Projects financed thereby.
