This model rule for rabies postexposure management of dogs and cats implements and particularizes the authority given to the local health director in N.C. General Statute §130A-197 to effectively and efficiently protect the public’s health utilizing the most current science. Accordingly, the Henderson County Board of Health adopts the recommendations and guidelines for rabies postexposure management of dogs and cats specified by the National Association of State Public Health Veterinarians in the 2016 edition of the Compendium of Animal Rabies Prevention and Control (Part I.B.5: Postexposure Management). These provisions of the Compendium shall be the required control measures pursuant to N.C. General Statute §130A-197.

Adopted this date by the Henderson County Board of Health.

Jim Crafton, Chairperson
Henderson County Board of Health
