Subject: EHL- ADA Service Animals at Pools and Other Public Places
Attachments: ATT00001.txt

From time to time our staff has fielded questions regarding ADA Service Animals at Pools.

An ADA website answers that question and many others involving the presence of service animals in public places.

Q33. Are gyms, fitness centers, hotels, or municipalities that have swimming pools required to allow a service animal in the pool with its handler?

A. No. The ADA does not override public health rules that prohibit dogs in swimming pools. However, service animals must be allowed on the pool deck and in other areas where the public is allowed to go.
