The Bicycle Company is a small family owned bicycle shop in Hendersonville NC. We have been serving the community for over 25 years. We try to promote bicycling in every possible way, and are dedicated to help in any way possible.

In that regard, we totally support the Oklawaha Trail and any possible growth of the trail system. The possibility of extending the trail would be outstanding.

Most of the people that bicycle (or are even thinking about cycling) want a safe place to ride. The Oklawaha Greenway provides just that, a safe place ride your bicycle. Of course the trail isn't just for bicyclists; it is for joggers, dog walkers, bird watchers and anyone who loves being outside in a safe environment. Having Greenways to do these activities is a boon to the city and the county of Hendersonville.

I urge you to consider any expansion of the local greenways in your long range master plan.

Sincerely

Michael Robinson
