RE: Greenway Master Plan: 30 Year Vision

To the Board of Commissioners:

At Carolina Village, our mission for our residents is for each person to "Be alive as long as you live." We are engaged in active aging and have developed many programs for our residents to accomplish that end. Our growing walking/hiking group often uses the Greenway for outings. The greenway has (even) paths that are good for residents who may have issues walking on uneven surfaces and it has conveniently located rest stations if needed. This greenway is (very) conveniently located to our Village and offers an excellent outing for our residents to achieve outdoor exercise away from the Village itself.

That being said, we wish to offer our support for the Greenway Master Plan: 30 Year Vision. We appreciate the efforts of the community in working toward this goal and giving the Henderson County residents the extension of a beautiful trail from which to enjoy the beauty of this area.
