To whom it may concern,

The Oklawaha Greenway is important to the Hendersonville Family YMCA. The YMCA strives to improve the overall health of the community and the Oklawaha Greenway plays a key role in helping us achieve this.

That is why the YMCA supports the county developed Greenway Master Plan, which proposes 70 miles of connected greenways. It is our hope that the Board of Commissioners will decide to adopt this plan, so that the families of our community have a place to come together and reap the invaluable benefits of nature and exercise.

Sincerely,

Joshua L. Simpson.
