Student thank-you cards received for water bottle donation

Hendersonville, N.C. (June 14, 2018) — The Department of Public Health recently contributed 100 water bottles to the second-grade classes at Dana Elementary to use on their field trip May 4 to the Carl Sandburg House. Amy McCall, nutritionist, and Beverly Clark, health promotion coordinator, arranged the donation after a request came from second-grade teacher Sarah Owen.

"We are always happy to work with Henderson County Public Schools to help our young residents be active," said Clark. "The Health Department was delighted to receive the handmade thank you cards from the children."

The cards are on display along the department's clinic hallway.

To learn more about ways to be active or to promote activity in our community, contact Beverly Clark at (828) 694-6065.
