

Addendum #2 Esthetics Expansion

I spoke last night with Carolina Flooring Contractors on the Mannington Spacia First that is specified for the flooring in the RFP. The Mannington Spacia First that is specified has been discontinued.

Mannington has moved the Steel color to Mannington Spacia Abstract Steel SS5A2804.

BRCC is specifying the 12"x18". Though available, BRCC does not want the 12"x12". The available sizes are 18" x 18" or 12" x 18".

The new flooring specifications will be Mannington Spacia Abstract Steel SS5A2804, 12"x18"
