#### **DISCUSSION ITEMS**

The Committee discussed design guidelines and the best way to approach establishing them for Henderson County. The Committee discussed Harnett County's Design guidelines and asked staff provide a copy in a digital format for editing purposes. It was decided, that each committee member should review the Harnett County guidelines and make any changes that were not relevant to Henderson County's needs. The Hendersonville Historic Preservation Commission, also has design guidelines for the Main Street local historic district.

The Committee then discussed that each member would need to do further research on the Committee's prioritized list of surveyed historic buildings. The best ones would need to be researched further and categorized in an appropriate way to substantiate additional action

The Committee also determined that the Board of Commissioners should be updated using the letter provided by Stephen Fosberg.

Staff and the HRC members discussed the goals and needs of the committee and future meeting dates. The HRC members decided that the next meeting should be changed and held at 3:00pm on August 18, 2010.
