DISCUSSION ITEMS

The minutes for the April 18th meeting were approved with a motion from Victoria Flanagan and seconded by Christy Thompson.

The Commission began discussion on the review of the Shaw's Creek Landmark Nomination Report. Grayson Taylor compiled all previous documents on Shaw's Creek for review. The Commission discussed more was needed, including more photos suggested by the State Historic Preservation Office. The Commission suggested incorporating edits by Mandy Gibson, and framing the document in the order of the SHPO checklist. Kathie will work on this report, and send back to Grayson for review. There has not been any recent contact with the trustees of the property recently. Knox offered to take this report along with another member of the Commission to meet one of the trustees.

Also discussed was an update on the 2022 100-year campaign. All prospects were ruled out as not suitable, except for a property on Whittaker Lane in Mills River. Kathie said she would drive out to examine the property soon.

Following on the agenda, new goals and objectives were discussed for the Commission. Moving forward, the Commission discussed getting a head start on the 2023 list, and have it better organized. Also, a potential joint-meeting with the Cemetery Advisory Committee was proposed in the coming months.

Knox Crowell presented his finalized brochure for the Commission. Some changes will still need to be made, and the document needs to be converted into a more accessible format.

Finally, the Commission discussed the frequency of meetings throughout the year. The

Commission may seek to return to a quarterly-meeting basis in the future, but in the meantime, the Commission will continue to meet monthly.

The Commission scheduled the next meeting for July 18th, 2022 at 1:30 P.M. The meeting adjourned at 2:27 P.M, with a motion from Victoria Flanagan and a second from Knox Crowell.
