WHAT

In response to damage caused by Hurricane Helene in Hickory Nut Gorge, the Henderson County Planning Department is creating a Recovery Plan for sections of Henderson County located within the area.

The Hickory Nut Gorge Recovery Plan is long-term, looking 5 - 10 years into the future. The County is hosting a public meeting to seek input on potential plan recommendations.

WHO

This meeting is open to ALL community members who live, work, or own property in the Hickory Nut Gorge in Henderson County, comprised of Bat Cave and Gerton, that were impacted by Hurricane Helene who wish to learn and share.
