

REQUEST FOR BOARD ACTION

HENDERSON COUNTY PLANNING BOARD

MEETING DATE: April 18, 2024

SUBJECT: 2045 Comprehensive Plan Implementation Plan

PRESENTER: Janna Bianculli, Senior Planner
Autumn Radcliff, Planning Director

ATTACHMENTS: 1. Implementation Plan

SUMMARY OF REQUEST:

For the 2045 Comprehensive Plan to be an effective tool for guiding the County's land use vision for the next 20 years, it must be implemented in a deliberate manner with a focus toward achieving the three main outcomes: Intentional Land Use, Connectivity, and Opportunity. An implementation plan with an organized matrix is necessary for the County to utilize for measuring plan progress over the next 20 years. The implementation plan will provide guidance for specific action items and implementation roles and responsibilities for four, five-year periods. This phasing allows the implementation plan to be updated at regular intervals in response to unanticipated opportunities and challenges and to support the long-term vision and goals of the Comprehensive Plan.

For review today is a draft portion of the implementation plan, the implementation matrix and summary.

BOARD ACTION:

The Planning Board is requested to review the Implementation Plan and continue their discussion at the next meeting.

Suggested Motion: None
