

§42-357 (H) - As-Built Plans and Final Approval. Upon completion of a project, and before a certificate of occupancy shall be granted, the *applicant* shall certify that the completed project is in accordance with the approved *stormwater* management plans and designs and shall submit actual “as built” plans for all *stormwater* management facilities or practices after final construction is completed.

The plans shall show:

1. the final design specifications for all *stormwater* management facilities and
2. practices and the field location, size, depth, and planted vegetation of all measures, controls, and devices, as installed.

Engineer Certification:

The designer of the *stormwater* management measures and plans shall certify, under seal, that the as-built *stormwater* measures, controls, and devices are in compliance with the approved *stormwater* management plans and designs and with the requirements of this ordinance. A final inspection and approval by the *Water Quality Administrator* shall occur before the release of any performance securities.
