Permit No.

State of North Carolina Department of Environment and Natural Resources Division of Water Quality

WATER QUALITY CLASSIFICATION REQUEST FORM

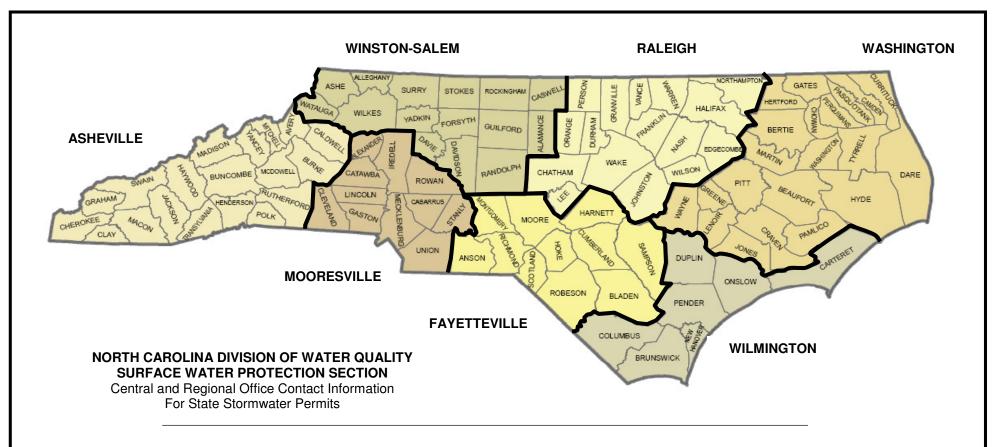

This form may be photocopied for use as an original.

I. PROJECT INFORMATION

In order to determine the receiving stream for a project in a coastal county or whether a State Stormwater Management Permit will be required for a project in a non-coastal county, the classification of the closest downslope surface waters (the surface waters that any sheet flow or overflow from the project would flow toward) must be determined. Please complete Sections I and II below. DWQ Staff will determine the receiving stream classification, complete Section III, and return the completed form to you.

1.	Project Name:			County:			
2	Contact Person:						
3.	Mailing Address:						
4.	City	State	Zip	Phone No			
5.	Name of closest downslope s	surface waters	•				
6.	Signature of contact person:_			Date:
